Evolve KY

EvolveKY is a **Non Profit** group of **Passionate** EV enthusiasts who want to **spread the word** about EV's and **improve charging infrastructure**.

EV's replace the commitment to burning fossil fuels with choice; some of those choices reduce air pollution

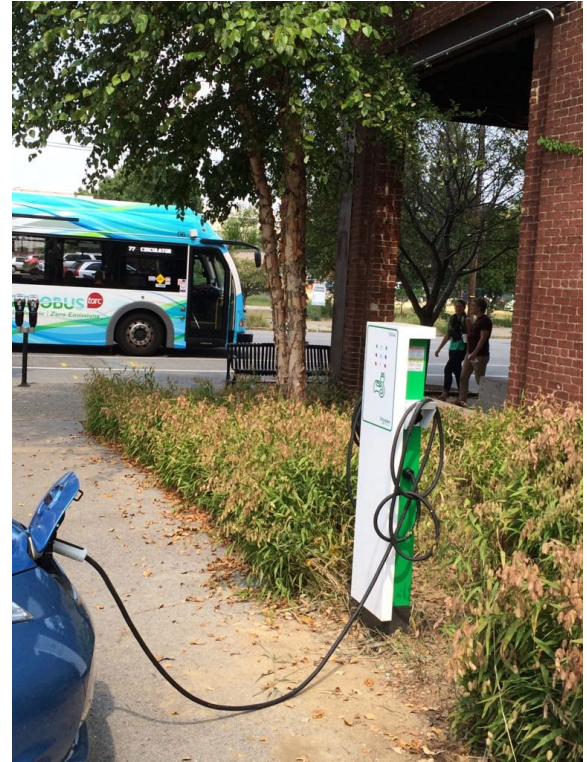

How did it Start?

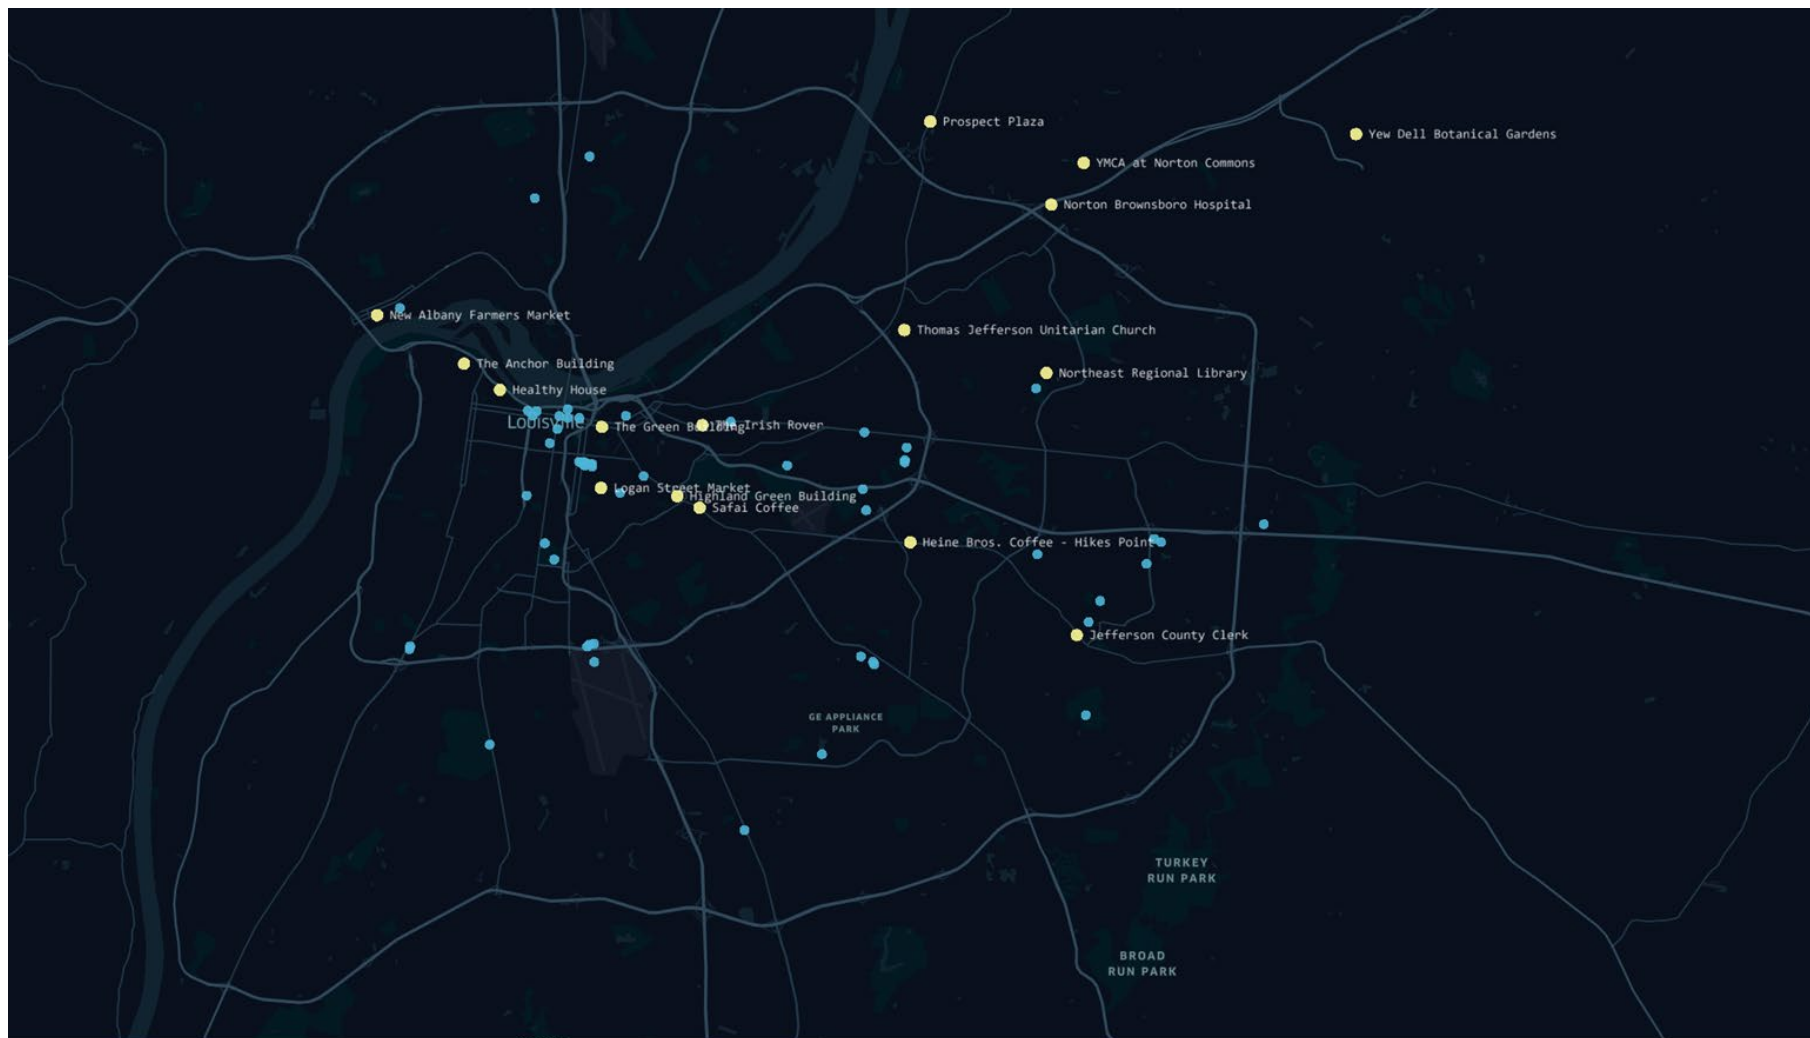

- 2014: Stuart and Jon standing in driveway complaining about lack of infrastructure
- 6 people first meeting Nov 2 2014

How did it Start?

- Green building 1st charger
- Not first people to suggest it
- First one who said it was free
- “Funded by area commercial electrician and charger supplier as in-kind donations”
- One of the most popular chargers to this day

Chargers Detail

22 Charger Locations since 2015

40 Charging points

Recently, people reach out to us!

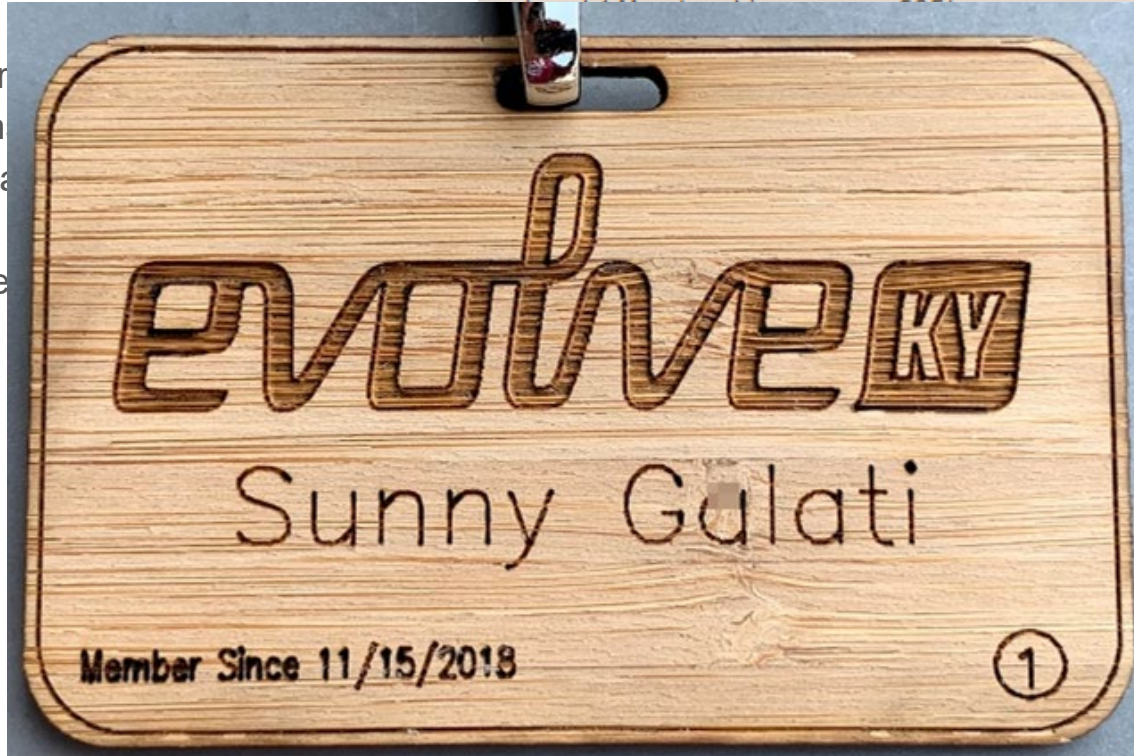

Because we're non profit
Able to get community support
Sponsors use it as a tax deduction
Green halo for the business

Like to look for highly visible spots
Its marketing that people can do this
Plant a seed that it is not a big deal to get an Electric Vehicle

Where we are now

- We have our
- Had election
Vice, Secreta
Large
- Currenty ove
