REAL ID licenses available to McCracken County Residents at new REAL ID regional licensing office in Paducah

Expanded office expected to open this spring, residents encouraged to gather required documents now

FRANKFORT, Ky. (Jan. 22, 2020) – Kentuckians now have one more option to maintain U.S. air travel and military base entry thanks to the Kentucky Transportation Cabinet’s (KYTC) expansion of REAL ID-compliant card access.

The McCracken County office will initially offer one station to process REAL ID licenses, but will expand capacity in coming months. McCracken County residents who have a current driver’s license, permit or identification card may apply for a Kentucky’s REAL ID-compliant version if they want to use a state-issued credential to meet upcoming REAL ID requirements that go into effect Oct. 1, 2020.

“After years of repeated changes and uncertainty surrounding REAL ID in Kentucky, my administration is evaluating the options and working tirelessly to bring our state into compliance with the federal requirements,” said Gov. Andy Beshear. “The deadline to comply is quickly approaching and we must continue to improve this service while encouraging Kentuckians to take action to ensure they have an accepted form of identification by October.”

Residents who already have a valid form of REAL ID, like a passport or military ID, can use that instead of the new REAL ID license if they want to visit military bases and fly within the U.S. starting this October. Current driver’s licenses will continue to remain valid for driving, voting and general identification purposes.

BACKGROUND ON REAL ID

WHAT IS A REAL ID LICENSE

Starting Oct. 1, 2020, Kentucky driver’s licenses, permits and identification cards displaying the Kentucky Unbridled Spirit logo or the language “NOT FOR REAL ID PURPOSES” will no longer be accepted to board U.S. commercial flights or access restricted federal buildings to comply with federal REAL ID law.

Kentucky is in the process of offering REAL ID-compliant licenses, permits and identification cards accepted at airport security checkpoints, military bases and federal buildings that require ID once federal enforcement begins.

REAL ID licenses serve as one of several forms of REAL ID. Below is a list of common forms of REAL ID Kentuckians may use to maintain air travel and select federal building access:

- Valid U.S. or foreign passport
- Valid U.S. Passport Card
- Voluntary Travel ID license, permit or identification card
- Military ID (issued by U.S. Department of Defense)
- Permanent resident card
- DHS- Trusted Traveler Card
- Global Entry Card

A full list of documents accepted by the Transportation Security Administration is available at <https://www.tsa.gov/travel/security-screening/identification>. Kentuckians are encouraged to contact military bases and federal buildings, like the White House, to learn what other forms of identification are accepted.

WHY YOU MAY NEED A REAL ID

Beginning nationwide on Oct. 1, 2020, a form of REAL ID will be needed to:

- Pass through airport security checkpoints to board a U.S. commercial flight
- Visit a military base
- Visit a federal building or facility that requires ID (White House, nuclear power plant)

WHERE TO GET A REAL ID LICENSE, PERMIT OR IDENTIFICATION CARD

McCracken County residents may visit the KYTC-operated driver licensing regional field office located at 2855 Jackson St., Suite C in Paducah. The office is open from 8 a.m. to 4 Monday through Friday. Applicants will receive a temporary 30-day document that serves as a driving credential until the permanent card arrives in the mail at the applicant's residence.

Only debit and credit cards will be accepted (**no cash or check**). Regional offices are not equipped to serve applicants who require testing or re-testing. The cost of a four-year REAL ID license is \$24 and \$48 for an eight-year REAL ID license.

WHAT YOU WILL NEED TO APPLY FOR A REAL ID LICENSE

Residents applying for a REAL ID license **must present documentation from a [list of specific, acceptable documents that meet federal guidelines](#)**, including:

- **one (1) valid proof of identity (like a certified birth certificate or valid passport)**
- **one (1) valid proof of social security number** (like a non-laminated social security card) and
- **two (2) valid proofs of residency** (like a Kentucky driver's license with your current home address or a utility bill dated less than 61 days).
- Additional documentation may be required if an applicant's name or gender doesn't match on the four proof documents (like a marriage certificate or divorce decree if your names don't match due to marriage or divorce). Applicants may need to reorder documents before applying if the documents do not display legal names (like a nickname printed on a social security card). A detailed list of acceptable documents and examples of when additional documentation may be required is available on the Confident Kentucky [website](#). The online IDocument Guide quiz provides a customized list of documents an applicant will need to present. Some acceptable documents have strict requirements (i.e., no photocopies of birth certificates, no expired documents, no laminated social security cards).

WHAT IF YOU WANT A REAL ID BUT AREN'T WITHIN YOUR RENEWAL WINDOW (six months before the current card's expiration date)

- Apply for a REAL ID license for \$15, bring in the required documentation and the expiration date of your new license will stay the same

- Once you have a REAL ID license and are within your renewal window, visit a REAL ID regional licensing office to renew your card for four or eight years. You do not need to bring in documentation again unless your name or address has changed.

WHEN TO VISIT THE MCCRACKEN COUNTY CIRCUIT COURT CLERK OFFICE

The McCracken County Circuit Court Clerk office will continue to serve as the application site for standard, non-REAL ID-compliant driver's licenses, permits and identification cards. A standard driver's license is \$20.

Kentuckians who have never had a Kentucky driving credential or those who require any form of testing or retesting must first visit the Circuit Court Clerk Office before visiting a regional licensing office if they would like a REAL ID license, permit or identification card.

###

About the Confident Kentucky Initiative

Confident Kentucky is an initiative of the Kentucky Transportation Cabinet (KYTC) to improve the security of the issuance and production of state-issued driver's licenses, permits and IDs to meet federal REAL ID standards. When REAL ID enforcement goes into effect Oct. 1, 2020, Kentucky driving and ID credentials without a star cutout in a black circle in the upper-right corner cannot be used at airport security checkpoints for U.S. commercial air travel or to visit military bases and federal facilities that require ID (like the White House). Kentuckians 18 years of age or older will need a REAL ID-compliant license/permit/identification card **or** another acceptable form of REAL ID (like an unexpired passport, passport card, permanent resident card) to fly within the U.S. or access restricted federal locations. Passports are still required for international travel. REAL ID licenses are optional and will continue to be offered after Oct. 1, 2020. Circuit Court Clerk offices will serve as the application site for standard, non-compliant cards and KYTC regional office locations will accept requests for REAL IDs*. All REAL ID licenses, permits and identification cards will arrive in the mail, are available in four or eight-year lifespans, feature new pricing and require documentation when applying. To learn more and to prepare, visit drive.ky.gov/confidentky.

*Franklin County and Woodford County Circuit Court Clerk office locations participated in the pilot program and continue to offer REAL IDs and new standard driver's licenses to residents.
