

BICYCLE/SHARE THE ROAD WARNING SIGN REQUEST

SECTION 1: GENERAL INFORMATION

Bicycle warning signs (W-11-1) and Share the Road supplemental plaques (W16-1) should be installed by the Kentucky Transportation Cabinet where there is a need to warn motorists to watch for bicyclists traveling along the highway. Excessive use of the sign combination should be avoided as proliferation of signs tends to diminish their effectiveness. Requests for such signs should normally come from a municipality or other responsible party (such as a recognized bicycle advisory board or committee). For more information, refer to Traffic Operations Guidance Manual, policy 403-11.

SECTION 2: REQUESTOR INFORMATION

REQUESTING AGENCY/PARTY	DATE
CONTACT NAME	CONTACT PHONE NUMBER
ROUTE(S) NUMBER OR NAME	COUNTY

SECTION 3: SUBMITTAL INSTRUCTIONS

Please include the following attachments:

- Documentation of a significant bicycling demand for the route and a link to organized ride or event information for the route
- Identification of sections of roadway where signs are desired, including specific mile point or marker

Submit completed form and attachments to:

Kentucky Transportation Cabinet
 Bicycle & Pedestrian Coordinator
 Division of Planning
 200 Mero Street
 Frankfort, KY 40622
 502-782-5060

SECTION 4: FOR DEPARTMENT USE ONLY

Is the roadway on a federal, state-designated, or local bike route?

Are there areas where there are significant changes in the roadway?
