## EXPERIENCE QUESTIONNAIRE FOR ENGINEER WITNESS

### TRANSPORTATION CABINET, DIVISION OF RIGHT OF WAY ENGINEER PREQUALIFICATION REQUIREMENTS

*The Commonwealth of Kentucky's Transportation Cabinet Department of Highways intends to contract for the services of independent professional engineer witness on parcels for the right of way condemnations on various projects throughout the state.*

*Due to the extensive documentation required for professional engineers, the "Appraiser and Engineer Prequalification and Selection Committee" developed the prequalification and review procedures. To assure that the Transportation Cabinet has professional engineers qualified to give testimony that comply with the state and federal requirements, the general qualifications listed below were developed for the Cabinet's prequalified list of engineer witnesses.*

<b>EDUCATION</b>	Graduation from an engineering program of four or more years accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology (EAC/ABET). EAC/ABET accreditation specifically excludes engineering technology degrees.
<b>EXPERIENCE</b>	Must meet the Education, FE, and PPE requirements listed above, and obtain four years of progressive engineering experience following graduation. You must meet all the requirements of KRS 322 including education, examinations, experience, and moral character.
<b>KNOWLEDGE</b>	Engineers must have a general knowledge of design drawing and guidelines for construction or renovation of structures or facilities. Be able to perform engineering tasks in design and review of engineering projects and emulate data collected for conformance of engineering theory and practices.
<b>TECHNICAL</b>	Must be licensed as a professional engineer by the State Board of Licensure for Professional Engineers and Land Surveyors. <a href="http://kyboels.ky.gov/">http://kyboels.ky.gov/</a> Must maintain any required licensure(s), certification(s), or other credentials for the length of service in this classification. Performs professional engineering work in the review, design, construction and maintenance of facilities or structures; manages and oversees activities of engineering projects and/or programs.
<b>REFERENCES</b>	Engineer must be able to furnish references ( <i>if required</i> ) and submit copies of recent work history for review by the Cabinet's "Appraiser & Engineer Prequalification and Selection Committee" to determine if the technical quality of the applicant's work meets Cabinet requirements.
