2025 KENTUCKY COAL HAUL HIGHWAY SYSTEM

INTRODUCTION

The Kentucky Transportation Cabinet is required by KRS 177.977 and KRS 42.455, the Local Government Economic Assistance Program, to produce an annual report of the Coal Haul Highway System. The Coal Haul Highway System is the public highways on which coal was reported transported by truck. The 2025 System designation is based on information submitted by coal transporters for the calendar year 2024.

The Cabinet is also required to determine the coal haul ton-miles in each county using information submitted by coal transporters. The Cabinet is not responsible for the actual allocation of coal severance tax revenue to counties. The Department for Local Government uses the ton-miles information as one factor in the formulas for the distribution of coal severance tax revenue to coal producing and coal impact counties.

The Extended Weight Coal or Coal By-products Haul Road System (EWCHRS) is based on information collected from coal transporters. The EWCHRS consists of coal haul highway system segments over which coal or coal by-products in excess of 50,000 tons were transported by motor vehicles. Therefore, not all the road segments in this report are included in the EWCHRS.

The Coal Haul Highway System Report is a series of maps, a table of coal ton-miles and percentages, and a listing of the public highways on which coal was transported. For the purposes of this report, counties where coal was reported originating from coal operations during calendar year 2024 are labeled coal producing counties. Counties where coal was transported by truck, but they reported none originating there, are labeled impact counties.

METHODOLOGY

To comply with KRS 177.977, KRS 42.455(8) and 603 KAR 5:115, every transporter of coal is required to report the routes and tonnages of coal shipped by truck on public roads in Kentucky to the Transportation Cabinet. They are also required to notify the Cabinet if no coal was trucked during the reporting period.

A Coal Shipment Route and Tonnage Report (TC 59-100) is mailed semi-annually to each known coal transporter. Addresses for known transporters are gathered from the Kentucky Revenue Cabinet's list of coal severance taxpayers, from the Division of Mine Permits' listing of current coal mine permit holders, and from other sources. On the report form, coal shippers describe each route segment from a mine or other coal operation to a specific destination by listing the mileage traveled and the tonnage hauled on that route.

Within the Transportation Cabinet, the Division of Planning sends and receives report forms, compiles the data, and prepares an annual report. Roads used during the study year are listed by Interstate, US, Parkway, KY, county road, or city street number with beginning and ending milepoints. The standard for mileage on state-maintained highways is the Transportation Cabinet's Route Log; mileage on county roads and city streets is taken from the Cabinet's Highway Information System road centerline milepoints.

Using the information from the report forms, the locations of mines, tipples and other points of origin and destination, the routes traveled and the tons transported are entered into a database and the tons, mileage, and ton-miles for each county are calculated.

COAL HAUL HIGHWAY SYSTEM 2025

Western Kentucky Region

The highlighted roads may or may not be on the Extended Weight Coal System. Refer to the EW system listing which is available from the KYTC Division of Maintenance at 502-564-4556 or at http://apps.transportation.ky.gov/His_EW/Bridge/

Eastern Kentucky Region

County maintained roads are not shown. For county roads please see the county maps.

2025 Coal Haul Highway System WOODFORD COUNTY

Extended Weight Coal Coal by Products Haul Road System

KRS 177.9771
603 KAR 5.230

Annual Designation of Extended Weight
Coal or Coal By-Products Haul Road System

Andy Beshear
GOVERNOR

TRANSPORTATION CABINET

200 Mero Street
Frankfort, Kentucky 40601

Jim Gray
SECRETARY

OFFICIAL ORDER 114178

SUBJECT: ANNUAL DESIGNATION OF THE EXTENDED WEIGHT
COAL OR COAL BY-PRODUCTS HAUL ROAD SYSTEM

WHEREAS, KRS 177.9771 (2) and (8) require the Secretary of Transportation to add to and delete from the Extended Weight Coal or Coal By-Products Haul Road System annually, and

WHEREAS, the Kentucky Official Coal Highway System Report of coal hauled in calendar year 2024 has been compiled and evaluated, and

WHEREAS, each of the road segments listed in this Official Order had at least 50,000 tons of coal or coal by-products reported as being transported over them in calendar year 2024 as set forth in KRS 177.9771 (1) and (3), or is a parkway as defined in KRS 177.9771 (1), or is the subject of local government action as defined in KRS 177.9771 (9), or was included in a cooperative agreement pursuant to KRS 177.979 and

Extended Weight Coal or Coal
By-Products Haul Road System

OFFICIAL ORDER 114178

WHEREAS, KRS 177.9771 requires that all parkways in the Commonwealth, regardless of the amount of coal or coal by-products transported over the road segments, be permanently included in the Extended Weight Coal Or Coal By-Products Haul Road System, and

WHEREAS, KRS 177.9771 (9) allows local governments, by resolution and subject to approval by the Transportation Cabinet, to add to or delete roads or road segments within their boundaries from the Extended Weight Coal Or Coal By-Products Haul Road System, and

WHEREAS, KRS 177.979 requires that, upon termination of a cooperative agreement and submission of reports showing 50,000 tons or more were hauled over the road segments, the road segments covered by the cooperative agreement must be added to the current Extended Weight Coal Or Coal By-Products Haul Road System, and

WHEREAS, the bridges listed in the Official Order should have restricted weights allowed in accordance with KRS 189.230, and

WHEREAS, the road segments and bridges listed in this Official Order must be considered in conjunction with the provisions of KRS Chapters 177 and 189 and 603 KAR 5:230,

Extended Weight Coal or Coal
By-Products Haul Road System

OFFICIAL ORDER 114178

NOW THEREFORE, it is ordered that the segments listed on the following thirteen (13) pages be identified as the Extended Weight Coal Or Coal By-Products Haul Road System and the bridges noted on the following pages be posted for appropriate weight limits.

This Official Order replaces all previous Official Orders relating to the Extended Weight Coal Or Coal By-Products Haul Road System.

This Order is to be effective immediately upon signature.

Signed and approved on this the _____ day of 10/2/2025, 2025.

COAL HAUL REPORTS & EXTENDED WEIGHT HIGHWAY SYSTEM 2025

Public Highways

on which coal was reported transported by truck

<http://transportation.ky.gov/planning/maps/coalhaul/coalhaul.asp>

KRS 177.977; 42.455(8) and 603 KAR 5:115

177.977 Directory of coal road system.

- (1) The Transportation Cabinet shall publish a directory, including supporting maps and other documents, designating the official coal road system in coal impact and coal producing counties which shall include all public highways, roads, bridges, and streets over which quantities of coal sufficient to significantly affect the condition and state of repair of such highways, roads, bridges, and streets have been transported in the immediately preceding year. The cabinet shall further publish the total county mileage of the official coal road system and the total ton-miles within each coal impact and coal producing county for said preceding year.
- (2) Every person, producer or processor shipping or transporting coal over the public highways, roads, bridges, and streets, shall file with the Transportation Cabinet information at intervals as the cabinet shall designate by administrative regulation promulgated pursuant to KRS Chapter 13A, for the purpose of identifying those highways, roads, and streets comprising the coal road system and the quantities of coal transported thereon, in order that the cabinet can accurately calculate total ton-miles within each coal impact and coal producing county. A copy of the information furnished to the Environmental and Public Protection Cabinet pursuant to the provisions of KRS 350.0285 and a copy of the information furnished to the Department for Natural Resources pursuant to the provisions of KRS 351.070 and 352.420 shall be submitted to the Transportation Cabinet to satisfy the reporting requirements of this subsection and the transportation plan shall be annually updated to reflect in route changes.

Effective: June 20, 2005

History: Amended 2005 Ky. Acts ch. 123, sec. 20, effective June 20, 2005. -- Amended 1994 Ky. Acts ch. 488, sec. 5, effective July 15, 1994. -- Repealed, reenacted, and amended as KRS 177.977, 1984 Ky. Acts ch. 373, sec. 4, effective July 13, 1984. -- Created 1982 Ky. Acts ch. 203, sec. 11, effective July 15, 1982.

Formerly codified as KRS 177.972.

42.455 Local Government Economic Assistance Program -- Grants for priority expenditures -- Administrative regulations -- Public hearings -- Reports -- Directory of coal road system.

- (1) There is established within the Governor's Office for Local Development a Local Government Economic Assistance Program to consist of a system of grants to local governments to improve the environment for new industry and to improve the quality of life for the residents.
- (2) Grants obtained under this program shall be used for priority expenditures. Thirty percent (30%) of all moneys in the fund shall be spent on the coal haul road system as described in subsection (7) of this section. The remaining seventy percent (70%) of the fund shall be spent on priority categories limited to the following, but in no event shall grants obtained under this program be used for expenses related to administration of government:
 - (a) Public safety, including law enforcement, fire protection, ambulance service, and other related services;
 - (b) Environmental protection, including sewage disposal, sanitation, solid waste, and other related programs;
 - (c) Public transportation, including mass transit systems, streets, and roads;
 - (d) Health;
 - (e) Recreation;
 - (f) Libraries and educational facilities;
 - (g) Social services for the poor, the elderly, and individuals with disabilities;
 - (h) Industrial and economic development;
 - (i) Vocational education;
 - (j) Workforce training; and
 - (k) Secondary wood industry development.
- (3) The use of entitlement funds for repayment of debt as related to long-term bond issues is permissible as long as the revenue from the bond issues is expended on priority categories.
- (4) Grants obtained under this program may be used as local portion to secure federal programs as long as program expenditures are in the priority category area. Interest earned on funds received by local units of government shall be considered available for use by the local unit of government in the priority expenditure categories.
- (5) The Governor's Office for Local Development shall be responsible for the promulgation of rules and regulations necessary to implement the grants programs authorized by this section.
- (6) The Governor's Office for Local Development shall assure that a public hearing is held on the expenditure of funds received under KRS 42.450 to 42.495. Advertisement of the public hearing shall be published at least once but may be published two (2) or more times, provided that one (1) publication occurs not less than seven (7) days nor more than twenty-one (21) days before the scheduled date of

the public hearing. The Governor's Office for Local Development shall submit an annual report to the Governor indicating how the grants were used and an evaluation of the program's effectiveness in improving the economy of the units of government receiving assistance.

- (7) On or before August 15, 1980, and each year thereafter, the Transportation Cabinet shall publish and furnish to the Governor's Office for Local Development a directory, including supporting maps and other documents, designating the official state coal road system in coal-impact and coal-producing counties which shall include all public highways, roads, and streets over which quantities of coal, sufficient to significantly affect the condition and state of repair of highways, roads, and streets, have been transported in the immediately preceding fiscal year. The cabinet shall further publish the total county mileage of the official state coal road system and the total ton/miles within each coal-impact and coal-producing county for said preceding fiscal year.
- (8) Every person shipping or transporting coal, and every carrier for hire or common carrier hauling coal over the public highways, roads, and streets shall file with the Transportation Cabinet such information and at intervals as the cabinet shall designate by regulation duly adopted for the purpose of identifying those highways, roads, and streets comprising the coal haul road system and the quantities of coal transported thereon, in order that the cabinet can accurately calculate total ton/miles within each coal-impact and coal-producing county.
- (9) The Department of Revenue shall make available to the Transportation Cabinet coal severance and processing tax data for use in verifying and supplementing the information furnished under the provisions of subsection (8) of this section. The information shall be furnished in such a manner as to conceal the identity of individual taxpayers; if the data cannot be furnished without revealing the identity of individual taxpayers, it shall be withheld.

Effective: June 26, 2007

History: Amended 2007 Ky. Acts ch. 47, sec. 18, effective June 26, 2007. -- Amended 2005 Ky. Acts ch. 85, sec. 53, effective June 20, 2005. -- Amended 1998 Ky. Acts ch. 69, sec. 10, effective July 15, 1998. -- Amended 1994 Ky. Acts ch. 18, sec. 1, effective July 15, 1994; ch. 224, sec. 17, effective July 15, 1994; and ch. 405, sec. 8, effective July 15, 1994. -- Amended 1992 Ky. Acts ch. 107, sec. 2, effective July 1, 1992. -- Amended 1990 Ky. Acts ch. 50, sec. 1, effective July 13, 1990. -- Amended 1986 Ky. Acts ch. 374, sec. 5, effective July 15, 1986. -- Amended 1982 Ky. Acts ch. 393, sec. 29, effective July 15, 1982. -- Created 1980 Ky. Acts ch. 394, sec. 2, effective July 1, 1980.

603 KAR 5:115. Coal-haul highway system; reporting requirements.

RELATES TO: KRS 42.455(8), 177.977, 177.9771

STATUTORY AUTHORITY: KRS 42.455(8), 174.080(2), 177.977(2)

NECESSITY, FUNCTION, AND CONFORMITY: KRS 174.080(2) and 177.977(2) authorize the Transportation Cabinet to promulgate administrative regulations regarding the designation of the official coal-haul highway system. Reporting by shippers or owners of coal or coal by-products is necessary for the annual preparation and publication of the report of the coal-haul highway system. This administrative regulation designates the procedures and intervals by which information shall be reported to the cabinet by a shipper or owner.

Section 1. Definitions. (1) "Coal by-product" means:

- (a) Bottom ash;
 - (b) Burned coal waste known as red dog;
 - (c) Coal cinders;
 - (d) Coal slag;
 - (e) Fly ash;
 - (f) Scrubber sludge; or
 - (g) Wet bottom boiler slag.
- (2) "First interval" means January 1 through June 30.
 (3) "Interval" means a semiannual reporting period.
 (4) "Owner" means an individual, partnership, joint venture, association or corporation that owns the coal at the time of transport.
 (5) "Second interval" means July 1 through December 31.

Section 2. Reporting Requirements. (1) An owner shall file with the cabinet form TC 59-100, "Coal Shipment Route and Tonnage Report", within thirty (30) days after the interval in which coal is shipped over a:

- (a) Road; or
 - (b) Rural and secondary road.
- (2) A form TC 59-100 shall be filed for the shipment of coal to or from the following:

- (a) Mine mouth or pit;
- (b) Processing plant;
- (c) Tipple;
- (d) Loading dock; or
- (e) Customer.

(3) Form TC 59-100 shall be completed by providing the following information about the coal being reported:

- (a) Origin;
- (b) Destination;
- (c) Tonnage; and
- (d) Specific route used for transportation of the coal with approximate mileage.

(4) Form TC 59-100 shall be mailed semiannually in December and June by the Division of Planning, Transportation Cabinet to various entities involved with mining, processing, transporting, or brokering coal.

(5) Nonreceipt of Form TC 59-100 shall not excuse the failure to submit the required information.

Section 3. Reporting Responsibility. (1) It shall be the exclusive responsibility of an owner of coal transported over a road or rural and secondary road to ensure that the coal transportation is reported accurately to the Transportation Cabinet. The reporting may be done by the:

- (a) Owner;
- (b) Owner's agent;
- (c) Contractor;
- (d) Processor; or
- (e) Shipper.

(2)(a) An owner who doesn't ship coal during an interval shall inform the cabinet of that fact on or before the due date for that interval's report.

(b) An owner who does not have an active coal severance tax number or is not engaged in the transportation of coal, may notify the cabinet of the nature of his operation and have his name temporarily or permanently removed from the cabinet's mailing list.

Section 4. Reconciliation of Data. (1) Prior to finalizing the report, the Division of Transportation Planning may:

- (a) Delete duplicate information;
- (b) Reconcile an ambiguity;
- (c) Correct an error;
- (d) Consider a prior year report; and
- (e) Consider other relevant information concerning a coal transportation route.

(2) The entity reporting the data shall not report a correction to the reported data after it has been compiled and submitted to the Department of Local Government as required by KRS 42.455.

(3) If the Transportation Cabinet misinterprets data submitted pursuant to Section 3 of this administrative regulation, causing the Department of Local Government to make an erroneous calculation in the distribution of the coal severance tax, the cabinet shall notify the Department of Local Government of the necessary change.

Section 5. Reporting of Coal By-products. (1) Coal by-product transportation information may be reported to the Transportation Cabinet in the same manner as coal transportation information and on the same form designated and furnished by the cabinet.

(2) Coal by-product information shall be reported separately from the information required on coal transportation. Across the top of the TC 59-100 Form the person reporting the shipment of coal by-product shall clearly type or mark in all capital letters "MATERIAL SHIPPED IS COAL BY-PRODUCT, NOT COAL."

Section 6. Extended Weight Coal and Coal By-products Haul System. (1) The data collected and compiled from Form TC 59-100 shall be the basis for the Transportation Cabinet's designating the road segments included in the Extended Weight Coal or Coal By-products Haul System in 603 KAR 5:230.

(2) Failure of an owner to submit the required data relative to the transportation of either coal or a coal by-product may result in the omission of a road segment from inclusion in 603 KAR 5:230.

Section 7. Material Incorporated by Reference. (1) Transportation Cabinet Form TC 59-100, "Coal Shipment Route and Tonnage Report" as effective July

1996, is incorporated by reference in this administrative regulation.

(2) Copies of the material incorporated by reference may be viewed, copied, or obtained from the Transportation Cabinet, Division of Planning, Transportation Cabinet Building, 200 Mero Street, Frankfort Kentucky 40622. The office hours are 8 a.m. to 4:30 p.m. local prevailing time on weekdays. The telephone number is (502) 564-7183. (8 Ky.R. 952; eff. 4-7-82; Am. 13 Ky.R. 1257; eff. 2-10-87; 15 Ky.R. 551; 1092; eff. 11-1-88; 22 Ky.R. 789; eff. 1-8-96; 23 Ky.R. 2266; 2985; eff. 2-10-97; Tam eff. 6-4-09.)

Kentucky Transportation Cabinet

Extended Weight Coal or Coal By-Products

Haul Road System or “EWCHRS”

- Only contains segments of the CHHS over which coal or coal by-products in excess of 50,000 tons were transported
- **EW Roads are designated by Official Order**
- BUT, For a county to be able to fund roadway maintenance using EW funds (obtained through sales of EW haul decals to truckers), the road must be on the EW System

KRS 177.9771 and 603 KAR 5:230

Kentucky Transportation Cabinet

Coal Haul Highway System and the Extended Weight Road System

ARE NOT
the same roads

Coal Haul Roads -
any coal hauled
Extended Weight
Roads – at least
50,000 tons hauled

177.9771 Extended weight coal or coal by-products haul road system.

- (1) The "extended weight coal or coal by-products haul road system" shall consist of all state-maintained toll roads or state-maintained roads which were previously toll roads and the public highways over which quantities of coal or coal by-products in excess of fifty thousand (50,000) tons were transported by motor vehicles during the period from January 1, 1985, through December 31, 1985, and shall be updated annually thereafter.
- (2) The secretary of the Transportation Cabinet shall by official order on or before November 1, of each year, certify such public highways or portions thereof, as fulfill the criteria in subsection (1) of this section, as the extended weight coal or coal by-products haul road system.
- (3) The total tons of coal or coal by-products transported by motor vehicles over any public highway shall be determined from the official coal or coal by-products road system transportation report required pursuant to KRS 177.977.
- (4) Any vehicle, when registered with a declared gross weight of eighty thousand (80,000) pounds and when transporting coal or coal by-products over public highways which are part of the extended weight coal or coal by-products haul road system or portions thereof, may be operated at the weights as set forth below in excess of the maximum gross weight prescribed in KRS 189.221 and 189.222 and any other maximum weight limitations on state or county maintained systems by paying the corresponding decal fee as set forth below:
 - (a) A single unit truck having one (1) steering axle and two (2) axles in tandem shall be limited to a maximum gross weight of ninety thousand (90,000) pounds with a tolerance of five percent (5%), and pay a decal fee of one hundred sixty dollars (\$160) annually;
 - (b) A single unit truck having one (1) steering axle and three (3) axles in tridem arrangement shall be limited to a maximum gross weight of one hundred thousand (100,000) pounds with a tolerance of five percent (5%), and pay a decal fee of two hundred sixty dollars (\$260) annually;
 - (c) Tractor-semitrailer combinations with five (5) or more axles shall be limited to a maximum gross weight of one hundred twenty thousand (120,000) pounds with a tolerance of five percent (5%), and pay a decal fee of three hundred sixty dollars (\$360) annually;
 - (d) Any motor carrier involved in the transportation of coal or coal by-products which meets gross axle weights of twenty thousand (20,000) pounds per axle and twelve thousand (12,000) pounds for the steering axle may register in excess of eighty thousand (80,000) pounds by payment of eight hundred forty dollars (\$840) plus an additional decal fee of ten dollars (\$10) per one thousand (1,000) pounds of registered weight above eighty thousand (80,000) pounds;
 - (e) For purposes of this section, KRS 177.979, and 189.230, and for purposes of the extended weight coal or coal by-products haul system, the dimensional

requirements of motor vehicles shall conform to all appropriate federal laws and regulations;

- (f) The payment of the decal fee shall be in addition to any state registration fee, user fee, or other decal fee, including the registration fee as specified in KRS 186.050(3);
 - (g) Motor vehicles used in the transportation of coal or coal by-products under cooperative agreements pursuant to KRS 177.979 shall be exempt from the payment of the decal fee as set forth in this section and the registration fee as set forth in KRS 186.050(3) as long as the truck is driven over cooperative roads only while full. The Transportation Cabinet shall issue identifying license plates for those motor vehicles under cooperative agreements;
 - (h) All fees under this section shall be scheduled for payment and prorated pursuant to the provisions of KRS 186.051; and
 - (i) All revenues generated pursuant to this section shall be credited to a special account within the road fund called the "energy recovery road fund."
- (5) Sixty percent (60%) of all energy recovery road funds shall be used by the Department of Highways for construction, maintenance, and repair of the state-maintained portion of the extended weight coal or coal by-products haul road system.
 - (6) Forty percent (40%) of all energy recovery road funds shall be distributed to the fiscal court of those counties in which coal or coal by-products are transported for the sole purpose of construction, maintenance, and repair of the county-maintained portion of the extended weight coal or coal by-products haul system. The distribution of funds to the counties shall be proportioned based on the miles of county roads on the extended weight coal or coal by-products haul system in each county compared to the total mileage of county roads in the total extended weight coal or coal by-products haul road system and the tons of coal or coal by-products transported over county roads on the extended weight coal or coal by-products haul system in each county compared to the total tons of coal or coal by-products transported over county roads in the total extended weight coal or coal by-products haul road system.
 - (7) Nothing in this section shall be construed or administered to jeopardize the receipt of federal funds for highway purposes and the secretary of transportation shall not act in any manner which shall jeopardize federal highway funds or funds to be received by the Commonwealth. This section shall not be construed to authorize any vehicle to operate on a federal interstate highway in excess of those limits prescribed in KRS 189.222. This section shall not be construed to prohibit the Department of Highways from providing for the public safety and convenience of the traveling public on the highway.
 - (8) As soon as practical after the report is prepared and published pursuant to KRS 177.977 for any calendar year after 1985, the secretary shall add to or delete from the extended weight coal or coal by-products haul road system public highways or portions thereof based upon the criteria set out in this section. Deletion of a public road or portion of it from the extended weight coal or coal by-products haul road

system shall not affect the eligibility of the roads for highway funds or programs applicable to the extended weight coal or coal by-products haul road system.

- (9) A fiscal court, a governing body of a city of the first through fourth class, consolidated local government, or urban-county government may by resolution, make recommendation to the secretary of the Transportation Cabinet that certain roads or road segments in the county or corporate city limits pose inherent and definite hazards, special conditions, or greatly impact the economy of the county or city and that the secretary shall meet with said fiscal court or local governing body and take into consideration their concerns before adding to or deleting from the extended weight coal or coal by-products haul system.
- (10) The secretary of the Transportation Cabinet may promulgate administrative regulations pursuant to KRS Chapter 13A necessary to administer the provisions of this section, KRS 177.9772, 177.979, and 189.230.

Effective: July 15, 2002

History: Amended 2002 Ky. Acts ch. 346, sec. 182, effective July 15, 2002. -- Amended 1996 Ky. Acts ch. 324, sec. 1, effective July 15, 1996. -- Amended 1994 Ky. Acts ch. 236, sec. 2, effective July 15, 1994. -- Amended 1988 Ky. Acts ch. 415, sec. 5, effective July 15, 1988. -- Created 1986 Ky. Acts ch. 498, sec. 1, effective April 1, 1987.

603 KAR 5:230. The extended weight coal or coal by-products haul road system and associated bridge weight limits.

RELATES TO: KRS 177.9771, 189.230

STATUTORY AUTHORITY: KRS 177.9771(1), (2), (9),(10), 189.230(2)

NECESSITY, FUNCTION, AND CONFORMITY: KRS 177.9771(10) authorizes the Secretary of the Transportation Cabinet to promulgate administrative regulations necessary to administer the provisions of KRS 177.9771, 177.9772, 177.979, and 189.230. KRS 177.9771(2) requires the Secretary of the Transportation Cabinet to certify those public highways that meet certain criteria as the extended weight coal or coal by-products haul road system. KRS 177.9771(1) requires that roads that are currently, or have been in the past, state-maintained toll roads always be included on the extended weight coal or coal by-products haul road system. KRS 189.230(2) authorizes the Department of Highways to prescribe a gross vehicle weight limit for a bridge lower than a limit prescribed in KRS 177.9771 on a bridge that may be damaged or destroyed to the point of catastrophic failure if gross vehicle weights exceed certain limits. KRS 177.9771(9) requires the Transportation Cabinet Secretary to meet with certain local governing bodies and consider the concerns of those bodies before adding to or deleting from the extended weight coal or coal by-products haul road system. This administrative regulation establishes requirements for the extended weight coal or coal by-products haul road system and associated bridge weight limits.

Section 1. Definitions. (1) "AASHTO" means the American Association of State Highway and Transportation Officials.

(2) "Catastrophic failure" means a failure that is marked by sudden or unpredictable extreme damage.

(3) "CO" means county.

(4) "Coal by-product" means fly ash, bottom ash, wet bottom boiler slag, scrubber sludge, burned coal waste (red dog), coal slag, or coal cinders.

(5) "CR" means a public highway, road, or street not maintained by the Kentucky Department of Highways.

(6) "FROM" means the beginning milepoint and terminus of a road segment on the extended weight coal or coal by-product haul road system.

(7) "I" means an interstate and defense highway maintained by the Kentucky Department of Highways.

(8) "KY" means a state numbered highway maintained by the Kentucky Department of Highways.

(9) "LN" means line.

(10) "Local governing body" means the fiscal court of a county, the city council or commission of a city of the first through fourth classes, or the council of an urban county government.

(11) "P" means parallel bridge.

(12) "PKWY" means parkway.

(13) "TO" means the ending milepoint and terminus of a road segment on the extended weight coal or coal by-product haul road system.

(14) "TY I" means a single unit truck consisting of two (2) single axles.

(15) "TY II" means a single unit truck consisting of one (1) steering axle and two (2) axles in tandem arrangement.

(16) "TY III" means a single unit truck consisting of one (1) steering axle and three (3) axles in tridem arrangement.

(17) "TY IV" means a tractor-semitrailer combination with five (5) or more axles.

(18) "US" means a United States numbered highway maintained by the Kentucky Department of Highways.

Section 2. Evaluation of Bridges. (1) The department shall determine which bridges on the extended weight coal or coal by-products haul road system may be damaged or destroyed to the point of catastrophic failure by a vehicle operating at the weight authorized by KRS 177.9771 by using The Manual for Bridge Evaluation.

(2) The load factor method of analysis shall be used if a bridge is known to have been designed by this method.

(3) If the allowable stress method of analysis is used, the maximum allowable stress in steel members shall not exceed seventy-five (75) percent of the yield strength of the steel.

(4) If neither the load factor nor allowable stress method of analysis can be used, the Department of Highways shall conduct an on-site inspection to determine if the bridge shows appreciable signs of deterioration or distress or otherwise poses a significant hazard to the traveling public.

Section 3. Limiting Weight on Bridges. The department shall use the guidelines in The Manual for Bridge Evaluation to set a weight limit for a bridge deemed at risk of catastrophic failure pursuant to KRS 189.230(2).

Section 4. Dimension Limits on the Extended Weight Coal Haul Road System. A motor vehicle displaying a valid extended weight coal haul decal or cooperative license plate issued pursuant to KRS 177.9771 and being operated on a road segment that is part of the Extended Weight Coal or Coal By-product Haul Road System (EWCHRS) shall not exceed the dimension limits established in 603 KAR 5:070, Sections 3 and 4.

Section 5. The Extended Weight Coal and Coal By-product Highway System and Limited Bridges.

(1)(a) The EWCHRS shall be:

1. Updated annually by official order of the secretary and amended as necessary by official order; and

2. Accessible on the Transportation Cabinet Web site at <http://transportation.ky.gov/planning/maps/coalhaul/coalhaul.asp>.

(b) The cabinet shall provide a copy of the list in paper form upon request.

(c) A paper copy may be viewed at a Department of Highways district office or may be viewed, copied, or purchased for ten (10) cents per page from the Division of Maintenance, Third Floor, Transportation Cabinet Building, 200 Mero Street, Frankfort, Kentucky 40622. The telephone number for the Division of Maintenance is (502) 564-4556, and the hours of operation are 8 a.m. until 4:30 p.m., Eastern Time, Monday through Friday.

(2) The bridges identified on the Transportation Cabinet Web site and by official order of the secretary shall:

(a) Be those bridges that have been determined by the department to be at risk of damage or destruction to the point of catastrophic failure; and

(b) Have a weight limit established.

Section 6. Restricted Bridge Use. A person shall not operate, or knowingly cause to be operated, a vehicle on a bridge listed on the Web site and in the official order if the vehicle's gross weight exceeds the weight limit established for that bridge.

Section 7. Bridge Posted Weight Limits. In accordance with KRS 189.230(3), the Department of Highways shall post the gross vehicle weight limits for each bridge included on the EWCHRS.

Section 8. Additional Bridge Restrictions. A person shall not operate, or knowingly cause to be operated, a vehicle on a bridge on the extended weight coal or coal by-products haul road system if the vehicle's gross weight exceeds the limit established by a notice posted pursuant to KRS 189.230(3).

Section 9. (1) A resolution of a local governing body making a recommendation to the secretary, pursuant to KRS 177.9771(9), shall be submitted to Secretary of Transportation, Transportation Cabinet Building, 200 Mero Street, Frankfort, Kentucky 40622.

(2) The resolution shall set forth:

(a) A specific description of the road or road segment under consideration; and

- (b)1. A specific description of the inherent and definite hazardous condition; or
2. The factors that may create a special condition.

Section 10. Incorporation by Reference. (1) "The Manual for Bridge Evaluation", 2008 edition, is incorporated by reference.

(2)(a) This material may be inspected, copied, or obtained, subject to applicable copyright law, at the Transportation Cabinet, Department of Highways, Division of Maintenance, Third Floor, Transportation Cabinet Building, 200 Mero Street, Frankfort, Kentucky 40622, Monday through Friday, 8 a.m. until 4:30 p.m., eastern time.

(b) A copy of "The Manual for Bridge Evaluation", 2008 edition, may also be obtained, subject to applicable copyright law, from the American Association of State Highway and Transportation Officials, 444 North Capitol Street, N.W., Suite 225, Washington, D.C. 20001. (13 Ky.R. 1359; Am. 1564; eff. 3-6-87; 14 Ky.R. 174; eff. 8-5-87; 945; 1241; eff. 1-4-88; 2206; eff. 8-5-88; 15 Ky.R. 1507; 1802; 2020; eff. 3-7-89; 16 Ky.R. 448; eff. 11-4-89; 1659; eff. 4-12-90; 17 Ky.R. 1153; 1739; eff. 12-3-90; 2838; 3175; 3415; eff. 6-4-91; 19 Ky.R. 2684; 20 Ky.R. 313; eff. 9-3-93; 21 Ky.R. 2198; 2986; eff. 5-2-95; 22 Ky.R. 1110; eff. 1-22-96; 23 Ky.R. 1419; 2171; 2462; eff. 11-14-96; 24 Ky.R. 1137; 1527; 1675; eff. 1-22-98; 29 Ky.R. 1694, 2281; eff. 2-27-03; 36 Ky.R. 464; 11-6-2009.)

177.979 Cooperative agreements between Department of Highways and transporters of coal in vehicles exceeding maximum weight limits on state-maintained system.

- (1) Any person engaged in the mining, processing, transporting or sale of coal that provides for the transportation of coal in vehicles exceeding the maximum weight limits on the state-maintained system shall enter into a cooperative agreement with the Department of Highways, or give bond for damages as provided by KRS 189.271, if a road to be used is not part of the extended weight coal or coal by-products haul road system. However, if a resolution issued pursuant to KRS 177.9771(9) on a road with a maximum allowable gross weight of eighty thousand (80,000) pounds is approved by the Transportation Cabinet, a cooperative agreement shall not be required. Such cooperative agreements shall provide for an equitable apportionment of the incremental costs for design, maintenance, construction, or reconstruction of those roads and bridges, except those roads and bridges which are part of the federal interstate highway system, resulting from the transportation of coal by trucks transporting coal in excess of the maximum weight limits on the state-maintained system and covered by the cooperative agreement. Nothing contained herein shall effect the continuing validity of any existing agreement.
- (2) Notwithstanding KRS Chapter 143 the total tax contributions from any person entering into a cooperative agreement, as specified in this section, shall not exceed, in the aggregate, the sum of five thousand dollars (\$5,000) per mile per year on those roads covered by the cooperative agreement, but shall equal a minimum of one thousand two hundred dollars (\$1,200) per motor vehicle hauling coal over those cooperative road segments over three (3) miles in length, but such contribution shall not exceed ten cents (\$0.10) per ton of coal hauled on cooperative roads per year from an individual coal operator unless otherwise agreed to by the operator. The Transportation Cabinet may allow any person, under the cooperative agreement, to provide for the design, approved maintenance, construction, or reconstruction provided for in subsection (1) of this section in accordance with guidelines or standards prescribed by the cabinet. In the event any person exceeds his annual total tax contribution as authorized under a cooperative agreement, such person may petition the commissioner of vehicle regulation for a carry over for future years liability. All funds collected pursuant to this section shall be expended on those roads covered by the cooperative agreement.
- (3) Notwithstanding any provision of KRS 177.976 to 177.981, the Commonwealth shall not be relieved of expending its normal routine maintenance on all roads covered by the cooperative agreements.
- (4) Any person who entered into a cooperative agreement may terminate it upon submitted written notice to the Department of Highways.
- (5) If the person requesting termination of the cooperative agreement has reported to the Transportation Cabinet that fifty thousand (50,000) or more tons of coal have been transported over the road covered by the cooperative agreement, the Transportation Cabinet shall immediately, by official order or emergency

administrative regulation, add the road segment to the list of roads currently comprising the extended weight coal or coal by-products haul road system.

Effective: July 15, 1996

History: Amended 1996 Ky. Acts ch. 324, sec. 2, effective July 15, 1996. -- Amended 1994 Ky. Acts ch. 236, sec. 1, effective July 15, 1994. -- Amended 1986 Ky. Acts ch. 498, sec. 3, effective April 1, 1987. -- Created 1984 Ky. Acts ch. 373, sec. 8, effective July 13, 1984.

Legislative Research Commission Note (7/15/94). Pursuant to KRS 7.136(1)(e), a reference to KRS 186.057 (repealed by 1986 Ky. Acts ch. 498, sec. 8) has been deleted from subsection (3) of this statute.

177.981 Fiscal court may make cooperative agreement.

Nothing in KRS 177.9771 to 177.981 shall be construed as prohibiting a county fiscal court from entering into a cooperative agreement.

Effective: July 13, 1984

History: Created 1984 Ky. Acts ch. 373, sec. 10, effective July 13, 1984.

603 KAR 5:220. Cooperative agreements for transportation of coal.

RELATES TO: KRS 177.9771, 177.979, 189.230, 351.175(6), 350.060(11)

STATUTORY AUTHORITY: KRS 177.9771

NECESSITY, FUNCTION, AND CONFORMITY: KRS 177.979 provides for the Department of Highways to enter into cooperative agreements for the transportation of coal. This administrative regulation is necessary to define procedures, requirements, and limitations for cooperative agreements.

Section 1. Applications for Cooperative Agreements. (1) Any person engaged in the mining, processing, transporting, or sale of coal who desires to enter into a cooperative agreement pursuant to KRS 177.979 for the transportation of coal in vehicles exceeding the maximum weight limits on state-maintained highways shall apply to the Department of Highways for a cooperative agreement. Application forms shall be prescribed by the Department of Highways and may be obtained from any highway district office or the department's Division of Maintenance in Frankfort, Kentucky.

(2) The application form prescribed by the Department of Highways shall require such information as is necessary to identify the applicant and each segment of state maintained highway which the applicant proposes to utilize. The application shall be accompanied by a copy of the certified transportation plan obtained by the applicant pursuant to 601 KAR 35:020 for the route or routes to be included in the agreement. The application must also be accompanied by a list of vehicles to be used to transport coal pursuant to the cooperative agreement. The following information must be provided for each vehicle:

- (a) Vehicle owner;
 - (b) Current registration number;
 - (c) Vehicle identification number;
 - (d) Vehicle make and year;
 - (e) Vehicle type (tandem, tridem, or tractor).
- (3) The application shall be submitted to the chief district engineer for the highway district in which the transportation of coal originates.

Section 2. Negotiation of Cooperative Agreements. (1) Upon receipt of proper application the Department of Highways shall meet with the applicant to negotiate the terms and conditions of the agreement. An equitable apportionment of the incremental costs to the Department of Highways of the proposed coal transportation shall be provided by the agreement based upon, but not limited to, the following factors:

- (a) The cost of surface design, maintenance, construction and reconstruction;
- (b) The cost of shoulder design, maintenance, construction and reconstruction;
- (c) The cost of bridge design, maintenance, construction and reconstruction;
- (d) The tonnage of coal to be shipped;
- (e) The types and number of vehicles to be used;
- (f) Other pertinent factors related to the transportation of coal at extended weights on the roads to be included in the agreement.

(2) When agreement is reached, the Department of Highways shall enter into the cooperative agreement with the applicant. Upon execution of the agreement the Department of Highways shall issue a certificate of identification to the applicant for each vehicle to be operated pursuant to the agreement.

Section 3. Limitations and Requirements. (1) Cooperative agreements are applicable only for the transportation of coal.

(2) All trucks operating pursuant to cooperative agreements must be registered with a declared gross weight of 80,000 pounds.

(3) Any vehicle being operated pursuant to a cooperative agreement must at all times contain a copy of the certificate of identification issued pursuant to Section 2 of this administrative regulation.

(4) If a truck is exempted from the payment of registration and decal fees pursuant to KRS 177.9771(4)(g), it may be operated on the roads covered by the agreement in accordance with the terms of the agreement; it may be operated on roads not covered by the agreement only if empty.

(5) No person shall load or knowingly cause to be loaded or operate or knowingly cause to be operated any vehicle in excess of the weight limits specified in the cooperative agreement.

(6) No person shall operate or knowingly cause to be operated, on any bridge posted pursuant to KRS 189.230, any vehicle which weighs in excess of the posted weight limit of said bridge.

(7) Only state maintained roads may be included in cooperative agreements with the Department of Highways.

Section 4. Existing Cooperative Agreements. The Department of Highways will honor all existing cooperative agreements entered into by the Department of Vehicle Regulation pursuant to KRS 177.979 prior to April 1, 1987.

Section 5. Effective Date. The effective date of this administrative regulation is April 1, 1987. (13 Ky.R. 1358; eff. 2-10-87.)

601 KAR 35:070. License plates for trucks operated under cooperative agreements.

RELATES TO: KRS 177.9771

STATUTORY AUTHORITY: KRS 177.9771

NECESSITY, FUNCTION, AND CONFORMITY: KRS 177.9771 requires the Transportation Cabinet to issue identifying license plates for motor vehicles used to transport coal and operated exclusively under a cooperative agreement entered into pursuant to KRS 177.979 and 603 KAR 5:220. This administrative regulation sets forth the procedures to be followed in applying for such an identifying license plate.

Section 1. The owner of a vehicle which is listed in a cooperative agreement entered into pursuant to KRS 177.979 and 603 KAR 5:220 which will be operated exclusively over the roads listed in the cooperative agreement, may elect to have an identifying license plate issued for said vehicle. If so, he shall apply to the office of the appropriate county clerk for a certificate of registration. There is no state registration fee for the issuance of this registration, but other fees and taxes are applicable. Before issuing the certificate of registration, the county clerk will insure that the applicant has complied with the following:

- (1) Applicable usage taxes and ad valorem taxes have been paid;
- (2) The federal heavy vehicle highway use tax requirements have been met; and
- (3) The vehicle is insured, if required.

Section 2. The owner of such a vehicle shall then make application to the Department of Vehicle Regulation, Division of Motor Vehicle Licensing for an identifying license plate. The application shall be made on forms prescribed and furnished by the department. This application form shall contain at least the following information:

- (1) Owner's name and address;
- (2) The number of vehicles to be issued identifying plates; and
- (3) The vehicle identification number of each vehicle.

Section 3. This application shall be submitted to the Department of Vehicle Regulation, Division of Motor Vehicle Licensing, State Office Building, Frankfort, Kentucky 40622, together with a copy of the cooperative agreement and a copy of the certificate of registration issued by the county clerk. Applications may be submitted in person or by mail.

Section 4. Registration of each vehicle which is issued the identifying license plate by the Department of Vehicle Regulation will expire on March 31 of the year for which it is issued.

Section 5. An identifying license plate may only be placed on the vehicle for which it was issued.

Section 6. Vehicles bearing these identifying license plates may be operated on roads not covered by the cooperative agreement only if empty and subject to the legal maximum weight limit of the roads.

Section 7. Upon termination, expiration or cancellation of the cooperative agreement, any identifying license plate issued pursuant to the terminated cooperative agreement and this administrative regulation must be surrendered to the Division of Motor Vehicle Licensing. If the ownership of a vehicle so registered and licensed is transferred, the identifying license plate must be surrendered to the Division of Motor Vehicle Licensing. (13 Ky.R. 1686; eff. 4-14-87.)

601 KAR 35:020. Transportation plans.

RELATES TO: KRS 42.455(8), 177.977, 350.060(11), 351.175(6)

STATUTORY AUTHORITY: KRS 42.455(8), 174.080, 177.9771, 177.977, 177.979

NECESSITY, FUNCTION, AND CONFORMITY: KRS 351.175(6) requires that mine operators submit with their application for mining licenses a transportation plan certified by the Department of Vehicle Regulation. Further, KRS 350.060(11) requires that mine operators submit with their application for mining licenses a transportation plan certified by the Transportation Cabinet. In conjunction with one another KRS 42.455(8) and 177.977 designate the Transportation Cabinet as the agency responsible for the identification of public highways, roads, streets, and bridges that comprise the official coal haul highway system. This administrative regulation is adopted to provide for and regulate the gathering of pertinent information from all coal shippers or owners regarding the movement of coal, and to specify the procedures to be used to obtain a certified transportation plan.

Section 1. Application for Transportation Plan. Every person subject to KRS 351.175, 350.060, 42.455 and 177.977 shall apply to the Department of Highways for a certified transportation plan for each route whereby the applicant proposes to transport materials. Applications may be obtained from any highway district office.

Section 2. Form of Application. The application form prescribed and furnished by the Department of Highways shall require such information as is necessary to identify the origin of highway transportation and the roads, streets, and bridges requested by the applicant, and to adequately identify the applicant. The application must be accompanied by a map designating the desired route. Copies of maps may be obtained from the Department of Highways, Division of Planning, 419 Ann Street, Frankfort, Kentucky, or from the district highway office of the district in which the roads, streets and bridges are located. The specified form is available from any district highway office.

Section 3. Filing of the Application. The original and two (2) copies of the application for a certified transportation plan shall be submitted to the Department of Highways district office for the county in which the haul route originates. A separate application must be filed for each origin and destination between which materials are to be transported.

Section 4. Reporting Requirements. Any person issued a transportation plan for coal must file quarterly reports with the Department of Highways pursuant to 603 KAR 5:115.

Section 5. Certification of Transportation Plans. The Chief District Engineer for the Department of Highways district in which the haul route originates shall certify the transportation plan on behalf of the Department of Vehicle Regulation and the Transportation Cabinet.

Section 6. The effective date of this administrative regulation is April 1, 1987. (11 Ky.R. 339; Am. 585; eff. 10-9-84; 13 Ky.R. 1252; eff. 2-10-87.)

	<i>Chapter</i> DESIGNATED TRUCKING HIGHWAYS
	<i>Subject</i> Extended-Weight Coal Haul Classification

POLICY

The extended-weight coal or coal by-products haul road system consists of public highways over which quantities of coal or coal by-products in excess of 50,000 tons were transported by motor vehicles from January 1 through December 31 of the preceding year and accepted into the system. The system is updated annually by the [Division of Planning](#).

This section does not authorize any vehicle to operate on a federal interstate highway in excess of those limits prescribed in [KRS 189.222](#).

Extended weight limits on all other roads are specified in [KRS 177.9771](#).

**ADDING ROAD TO
EXTENDED-WEIGHT
COAL HAUL ROAD
SYSTEM**

A state-maintained road may be added to the extended-weight coal haul road system by:

- County Resolution in accordance with KRS 177.9771(9)
- Cooperative Agreement in accordance with [KRS 177.979](#)
- Reporting to Division of Planning

**COUNTY
RESOLUTION**

If a resolution has been passed, a copy shall be forwarded and an official order shall be prepared for the approval of the Secretary through the CDE, Director of the Division of Maintenance, Executive Director of the Office of Legal Services, and State Highway Engineer. One copy of the official order shall be forwarded to the Divisions of Maintenance and [Accounts](#), [Kentucky Vehicle Enforcement](#), district, and requesting company.

**COOPERATIVE
AGREEMENT**

If a coal transporter wants to enter into a *Cooperative Agreement* (TC 71-227, [Exhibit MAIN-9029](#)) with the Department, the district shall submit the agreement to the Division of Maintenance for review. The Bridge Preservation Branch will conduct a bridge analysis on bridges listed in the TC 71-9 form, *Certified Transportation Plan* ([Exhibit MAIN-9030](#)). The Director of the Division of Maintenance shall forward the agreement to the Secretary of the Cabinet for approval.

COOPERATIVE

AGREEMENT (CONT.) The Secretary's Office shall send one copy of the approved agreement to:

- Division of Maintenance
- District

The district shall send one copy to Kentucky Vehicle Enforcement and the requesting company.

After the company has fulfilled the conditions set forth in the agreement, the road segments listed in the TC 71-9 shall be eligible for immediate inclusion in the extended-weight coal and coal by-products haul road system by official order or emergency administrative regulation. The Secretary's Office shall send one copy of the official order to:

- Division of Maintenance
- Division of Accounts
- District

The district shall send a copy of the official order to Kentucky Vehicle Enforcement and the requesting company.

**REPORT TO
PLANNING**

The [Division of Planning](#) sends and receives the TC 59-100 form, *Coal Shipment Route and Tonnage Report* ([Exhibit MAIN-9031](#)) semi-annually to known transporters. This information is used to prepare an annual report of all roads used during the previous calendar year carrying a quantity of coal or coal by-products in excess of 50,000 tons. The Secretary of the Cabinet shall, by official order on or before November 1 of each year, certify such public highways, or portions thereof that have met the criteria, as part of the extended-weight coal haul or coal by-product haul road system. The Secretary's Office shall send one copy of the official order to:

- Division of Maintenance
- Division of Accounts
- District

The district shall send a copy of the official order to Kentucky Vehicle Enforcement and the requesting company.

AGREEMENTS-PLANS-REPORTS

Kentucky Transportation Cabinet
Division of Maintenance
COOPERATIVE AGREEMENT

TC 71-227
08/2008
Page 1 of 5

THIS AGREEMENT, entered into this ____ day of ____, 20____, between the Department of Highways, Transportation Cabinet, Commonwealth of Kentucky and ____ with an address of ____, hereinafter referred to as "Company".

WHEREAS, the Company desires to transport coal on state-maintained highways in vehicles weighing in excess of the weight limits established by the Secretary of Transportation pursuant to KRS 189.222 on certain specified routes; and

WHEREAS, pursuant to the provisions of KRS 177.979 the Department of Highways is authorized to enter into cooperative agreements providing for an equitable apportionment of the incremental costs to the Commonwealth of Kentucky resulting from such overweight transportation; and

WHEREAS, the Department of Highways has certified that all road segments and bridges covered by this agreement as listed in the *Certified Transportation Plan* (TC 71-9 form) attached hereto are a part of the state-maintained system of highways; and

WHEREAS, the Company would like to transport coal at extended weights on segments of state-maintained roads listed in the *Certified Transportation Plan* (TC 71-9 form).

NOW THEREFORE, in consideration of the mutual covenants and agreements hereinafter set forth and the provisions of KRS 177.979, the parties hereby agree as follows:

- (1) Except as provided, below, the Company shall indemnify and hold harmless the Commonwealth of Kentucky, Transportation Cabinet, its officers, agents, and employees from all suits, actions, or claims for injuries or damages sustained as a result of the Company's hauling of coal as provided in this agreement in vehicles whose gross vehicle weight exceeds the weight limits established pursuant to KRS 189.222.
- (2) All obligations incurred under this agreement are subject to any law or administrative regulation now existing.
- (3) In carrying out any of the provisions of this agreement or in exercising any power or authority granted to them by or within the scope of this agreement, no personal or individual liability shall be threatened or imposed upon the Secretary of Transportation, the Commissioner of Highways, the State Highway Engineer, or their authorized representatives in their personal individual capacities. In all such matters, these officials are acting solely as agents and representatives of the Commonwealth.
- (4) This agreement may be amended at any time upon the written mutual agreement of both parties. Further, this agreement may be terminated by the Transportation Cabinet, Department of Highways upon 30 days written notice to the Company. This agreement may be terminated by the Company upon written notice to the Transportation Cabinet, Department of Highways. However, such termination by the Transportation Cabinet, Department of Highways or the Company shall not relieve the Company of any contractual obligations incurred prior to said cancellation.
- (5) The Company shall furnish sufficient labor, materials, and equipment or funds to restore the road segments and bridges listed in the *Certified Transportation Plan* (TC 71-9 form)

Kentucky Transportation Cabinet
Division of Maintenance
COOPERATIVE AGREEMENT

TC 71-227

Page 2 of 5

to a condition mutually agreed to by both parties as being equal to that which existed prior to the commencement of the hauling of coal pursuant to this agreement and to fulfill all obligations incurred by the Company under this agreement prior to the effective date of such termination.

- (6) It is understood by both parties that it is the intention of the Company to terminate this cooperative agreement after 50,000 tons of coal have been transported under this agreement. After the Company has fulfilled the following conditions, the road segments shall be eligible for immediate inclusion in the Extended Weight Coal and Coal By-Products Haul Road System:
- (a) Furnished sufficient labor, materials, and equipment or money to restore the road segments listed in the *Certified Transportation Plan* (TC 71-9 form) to a condition mutually agreed to by both parties as being equal to that which existed prior to the commencement of the hauling of coal pursuant to this agreement;
 - (b) Transported at least 50,000 tons of coal over the road segments;
 - (c) Reported the coal transportation to the Transportation Cabinet on the forms required by KRS 177.977 and 603 KAR 5:115; and
 - (d) Satisfied any other obligations incurred by the Company under this agreement.

The Transportation Cabinet shall execute an Official Order to include the road segments in the Extended Weight Coal and Coal By-Products Haul Road System.

- (7) It is agreed and understood that if there is a change in any of the conditions under which this agreement was executed, the Secretary of the Transportation Cabinet may suspend, alter, amend, or modify the terms and conditions of this agreement or may alter the classification of any road or bridge listed in the *Certified Transportation Plan* (TC 71-9 form) if deemed such action is necessary to promote the safety and convenience of the traveling public. In emergencies, the immediate posting or closing of a road or bridge may be affected without notice to the Company. Should such suspension, alteration, amendment, or modification result in a substantial change in the character of the Company's operations or its contractual performance as required, the parties herein may terminate this agreement or execute a supplemental agreement to provide an equitable adjustment in the terms of this agreement in accordance with paragraph 4.
- (8) The Company shall not load or cause to be loaded or operate or cause to be operated any vehicle in excess of the gross weights specified in this agreement on the road segments specified in the *Certified Transportation Plan* (TC 71-9 form).
- (9) This agreement shall not be construed as changing the trucking weight classification of the roads listed in the *Certified Transportation Plan* (TC 71-9 form) and it does not indicate a willingness by the Transportation Cabinet to allow overweight hauling except by permit or agreement.
- (10) No cartage or commodity other than coal may be transported under the terms of this agreement in vehicles whose dimensions, gross weight, gross axle weight, or tire weight exceed the limits prescribed by the Secretary of Transportation pursuant to KRS 189.222.
- (11) The Department of Highways may furnish any necessary supervision and inspection on any road construction project undertaken by the Company under this agreement. The

Kentucky Transportation Cabinet
Division of Maintenance
COOPERATIVE AGREEMENT

TC 71-227

Page 3 of 5

Company shall furnish all labor, materials, equipment, tools, and supplies or funds deemed necessary by the Department to adequately perform maintenance and traffic operations on the road(s) and bridge(s) listed in the *Certified Transportation Plan* (TC 71-9 form) that are designated for maintenance.

- (12) The Company agrees that upon notification from the Department of Highways, it shall timely provide for the design, construction, reconstruction or maintenance over and above normal routine maintenance pursuant to KRS 177.979 for the road segments covered by this agreement.
- (13) The maximum gross weights (including vehicle and load that may be transported pursuant to this plan shall not exceed the maximum weights listed below:

Weight	Truck Type*
_____ Lbs.	IV
_____ Lbs.	V

* Truck types are identified in 603 KAR 5:230.

- (14) Prior to receiving authorization to begin transporting coal pursuant to this cooperative agreement, the Company shall file with the Transportation Cabinet, Department of Highways a corporate bond, cash bond, or securities in the amount of \$ _____. The Company shall be the principal obligor and the Transportation Cabinet, Department of Highways shall be the obligee. The bond shall be conditioned upon the Company's compliance with the terms of this cooperative agreement and shall remain in full force and effect until released by the Transportation Cabinet, Department of Highways.
- (15) The Company acknowledges its sole responsibility for damage to a county road or city street that it utilized as part of the Company's transportation route.
- (16) The Company shall keep accurate records of coal tonnage transported pursuant to this agreement. Said records shall be available for audit by the Transportation Cabinet upon reasonable notice.
- (17) If any term or provision, or any part of any term or provision of this agreement is held to be unenforceable, it shall be severed as narrowly as possible, and the remaining terms and provisions shall be enforced in accordance with the tenor of this agreement.
- (18) The Company and the Cabinet agree that this agreement is made and entered into in the Commonwealth of Kentucky and shall in all respects be interpreted, enforced, and governed under the laws of said Commonwealth. The Company and the Cabinet agree that the venue of any action to enforce and/or interpret the provisions of said agreement shall be Franklin Circuit Court.
- (19) This agreement is non-transferable and shall not be assigned without the written consent of the Transportation Cabinet, Department of Highways.

COAL SHIPMENT ROUTE AND TONNAGE REPORT

PURPOSE OF REPORTS: These reports determine the ton-mile data that is used in the formula which returns severance tax revenue to counties. Tons data is also used to update/revise the Extended Weight Coal Haul Road System.

DUE DATE: Each semi-annual report is due 30 days after receipt of this notice.

FORM INSTRUCTIONS

REPORTING COMPANY: Name and complete address of reporting company, severance tax number used to pay tax on coal, and phone number where contact person can be reached during normal daytime working hours.

1. ORIGIN

- a) **Name of Unit:** Contract miner or company assigned name or number.
- b) **County:** Kentucky county where origin unit is located (for coal shipped into Kentucky, use first Kentucky county and road number at state line).
- c) **Permit #:** Permit number assigned by Department for Natural Resources, Division of Mine Permits
- d) **Latitude and Longitude:** Location of unit in degrees, minutes, and seconds (found in permit or license package).
- e) **Type of Operation:** Check type of unit.

2. DESTINATION

- a) **Name of Destination:** Specific name of tipple, dock, prep plant, etc. in Kentucky to which coal is shipped (do not use town or area for name of destination).
- b) **Road:** Road number or name where destination is located (out-of-state routes, use last Kentucky road to exit state).
- c) **County:** Kentucky county where destination is located (for coal shipped out of state, use the last Kentucky county before exiting state).

3. TONS TRUCKED: Tons shipped from **one** origin to **one** destination during reporting period.

PLEASE NOTE

The permit number, latitude and longitude, destination, and the specific road number or name where coal begins traveling on public roads must be included on this form so we can include your tons in the ton-mile calculations.
Please TAPE form closed for return mail. Post office requests NO STAPLES PLEASE!

Revised: 11/17/2025

District 4 (270) 766-5066

Chief District Engineer: Brad Bottoms
Engineering Support: Jacob Riggs
Proj. Del. and Pres. Br. I: Bow Warren
Proj. Del. and Pres. Br. II: Josh Hornbeck
Project Development: Kevin Blain
Planning: Kevin Young
Design: Vacant
Right Of Way: Mike Price
Utilities: Paul Sanders

District 5 (502) 210-5400

Chief District Engineer: Matt Bullock
Engineering Support: Kevin Bailey
Proj. Del. and Pres. Br. I: Blake Nelson
Proj. Del. And Pres. Br. II: Scott Tipton
Project Development: Tracy Lovell
Planning: Tom Hall
Design: Pat Matheny
Right Of Way: Tom Boykin
Utilities: Russell Whatley

District 2 (270) 824-7080

Chief District Engineer: Deneatra Henderson
Engineering Support: Tate Byrum P.E.
Proj. Del. and Pres. Br. I: Tom Hines P.E.
Proj. Del. and Pres. Br. II: Matt West P.E.
Project Development: Taylor Franklin
Planning: Nick Hall
Design: Vacant
Right Of Way: Jennifer Cox
Utilities: Vacant

District 6 (859) 341-2700

Chief District Engineer: Bob Yeager P.E.
Engineering Support: James Minckley P.E.
Proj. Del. and Pres. Br. I: Nicholas Reis
Proj. Del. and Pres. Br. II: Craig Moore P.E.
Project Development: Mike Bezold P.E.
Planning: Dane Blackburn
Design: Ellen Gregory
Right Of Way: Lynn Whalen
Utilities: Emily Eising

District 7 (859) 246-2355

Chief District Engineer: Kelly Baker
Engineering Support: Daniel Kucela
Proj. Del. and Pres. Br. I: Logan Murphy
Proj. Del. and Pres. Br. II: Jonathan Taylor
Project Development: Rob Sprague
Planning: Casey Smith
Design: Lauren Meighan
Right Of Way: Cecil Smith
Utilities: Tayla Caudill

District 9 (606) 845-2551

Chief District Engineer: Steve Gunnell
Engineering Support: Francis Callahan
Proj. Del. and Pres. Br. I: Vacant
Proj. Del. and Pres. Br. II: Terry Ishmael
Project Development: Darrin Eldridge
Planning: Blake Jones
Design: Michael Read
Right Of Way: James Mason
Utilities: Vacant

District 12 (606) 433-7791

Chief District Engineer: Mary Westfall-Holbrook
Engineering Support: Greg Couch
Proj. Del. and Pres. Br. I: Paxton Weddington
Proj. Del. and Pres. Br. II: Matt Moore
Project Development: Christopher James
Planning: Charles Dale
Design: Ashlie Childers
Right Of Way: Joe Tackett
Utilities: David Skeens

District 10 (606) 666-8841

Chief District Engineer: Corbet Caudill
Engineering Support: Jeremy Carly
Proj. Del. and Pres. Br. I: Wes Ratliff
Proj. Del. and Pres. Br. II: Crystal Mapel
Project Development: Aric Skaggs
Planning: Jason Blackburn
Design: Min Jiang
Right Of Way: Vacant
Utilities: Corey Lykins

District 1 (270) 898-2431

Chief District Engineer: Kyle Poat P.E.
Engineering Support: Bryce Benfield
Proj. Del. and Pres. Br. I: Dustin Turner
Proj. Del. and Pres. Br. II: Jason Looper P.E.
Project Development: Austin Hart P.E.
Planning: Vacant
Design: Patsy Rawlins
Right Of Way: Frances Westlie
Utilities: Michael Shuecraft

District 3 (270) 746-7898

Chief District Engineer: Joe Plunk
Engineering Support: Daryl Price
Proj. Del. and Pres. Br. I: Stuart Payton
Proj. Del. and Pres. Br. II: Justin Young
Project Development: Andrew Stewart
Planning: Benjamin Hunt
Design: Stewart Lich
Right Of Way: Michael Russell
Utilities: James Puryear

District 8 (606) 677-4017

Chief District Engineer: James Jones
Engineering Support: Conley Moren P.E.
Proj. Del. and Pres. Br. I: William Lucas
Proj. Del. and Pres. Br. II: Stewart Gilreath
Project Development: Joe Gossage P.E.
Planning: Jeff Dick P.E.
Design: Brian Dunbar
Right Of Way: Jeffrey Ray
Utilities: Steven McClendon

District 11 (606) 598-2145

Chief District Engineer: Chris Jones
Engineering Support: Chris Harris
Proj. Del. and Pres. Br. I: Daniel Hoffman
Proj. Del. and Pres. Br. II: David Fuson
Project Development: Sherri Chappell
Planning: Keenan Jones
Design: Vacant
Right Of Way: Greg Combs
Utilities: Vacant

This is a summary of the laws regarding motor carriers intended solely for informational use. It is not a reprint of any referenced Kentucky Revised Statute (KRS) or Kentucky Administrative Regulation (KAR) in its entirety and should not be used as such. The exact wording of Kentucky's motor carrier laws can be viewed at www.lrc.ky.gov/Law.htm

Before Ordering ALWAYS	Link
Check OWOD restriction list before submitting single trip applications:	https://drive.ky.gov/motor-carriers/Pages/OWOD-Restrictions.aspx
Check KY Designated National Truck Network (NN) Map to find best routes:	http://transportation.ky.gov/Planning/Documents/ntn.pdf
Check Interstate and Parkway height clearances.	http://transportation.ky.gov/Motor-Carriers/Pages/OWOD-Permits-and-Specifications.aspx
Provide additional information for loads over 200,000 LBS (Superloads)	Any permit request over 200,000 LBS must be faxed to 502-564-0992 along with a side and rear view drawing and axle spacing.
Provide additional information for loads exceeding 15'6" high	Any permit request exceeding 15'6" high must be faxed to 502-564-0992 with a detailed proposed route survey form (TC 95-625).

Frequently Asked Questions	Answers: (For OWOD questions, please visit link provided) https://drive.ky.gov/motor-carriers/Pages/OWOD-FAQs.aspx
How do I renew my annual OWOD permit?	Fax a copy of your annual OWOD permit with any required changes to 502-564-0992. Please include a credit card number with expiration date on the faxed copy. Or you can mail a copy of your annual permit with payment (check or credit card) to the address below. The new permit will be mailed back to you.
Can I order OWOD permits over the phone?	Permits will not be issued over the phone. <i>To order a single trip permit:</i> A) Complete a TC95-10 form (found at following link) https://transportation.ky.gov/Organizational-Resources/Pages/Forms-Library-(TC-95).aspx and fax to 502-564-0992. B) Or you can set up an ACH debit account with OWOD and order your permits online. https://transportation.ky.gov/Organizational-Resources/Forms/TC%2095-586.pdf C) Or you may order through a permitting service. <i>To order a annual permit:</i> A) Complete a TC 95-25 form (found at following link) https://transportation.ky.gov/Organizational-Resources/Forms/TC%2095-25.pdf and fax to 502-564-0992 * Annuals will be mailed back. B) Mail application with payment to: ATTN: OWOD Kentucky Transportation Cabinet Department of Vehicle Regulation Division of Motor Carriers, 2nd Floor, East 200 Mero Street, Frankfort, KY 40602 C) To receive your annual OWOD permit the same day, you can visit the One Stop Shop at the address listed above.
Are there any travel time restrictions in KY?	A) All Overweight/Over dimensional moves, except mobile homes, may travel 24 hours a day 7 days a week unless otherwise noted on the permit. Mobile homes movements are restricted to Monday through Saturday daylight hours only and no travel permitted Sunday. B) KY does not have Holiday restrictions unless otherwise noted on the issued OWOD permit. C) No travel permitted for any Overweight /Overdimensional loads in Boone, Kenton, Campbell, *Fayette, and Jefferson or at Owensboro KY 2155 bridge (between KY & IN) from 7 – 9 am or 4 -6 pm, Monday thru Friday. <i>* An overweight or overdimensional load originating in Fayette County shall be exempt from traffic rush hour restrictions on Interstate 64 and Interstate 75 in Fayette County and on connecting routes to both interstates up to a distance of three (3) miles from the interstates.</i>
