

GET THERE TOGETHER

Kentucky's Long-Range Transportation Vision

Kentucky's Long-Range Transportation Vision

GET THERE TOGETHER.

The mission of the Kentucky Transportation Cabinet (KYTC) is to provide Kentuckians and travelers with a safe, efficient, environmentally sound and fiscally responsible transportation system. Our transportation network extends beyond bridges and highways and must meet the needs of the Commonwealth's diverse and growing population.

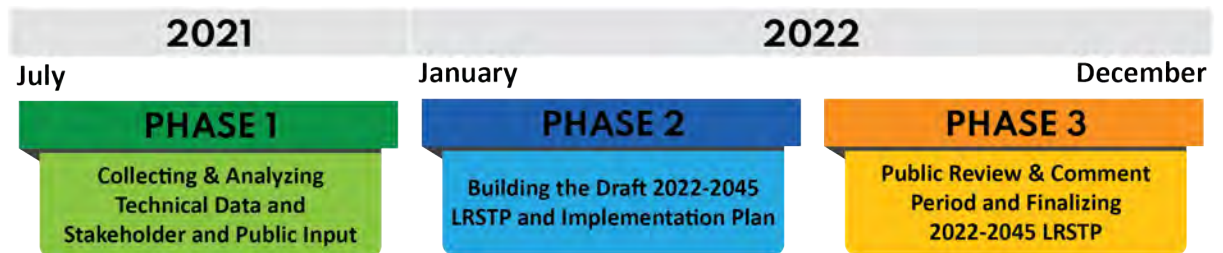

KYTC's Long-Range Statewide Transportation Plan (LRSTP) is a planning document that identifies the goals, policies, needs, and analysis tools that set the direction of Kentucky's transportation system toward 2045. Transportation keeps us connected to what matters most. Everyone has a role to play in the planning process to help shape the state's long-term, multi-modal transportation vision that will build a better Kentucky now and well into the future.

The LRSTP update is an important opportunity for all Kentuckians to weigh in on the state's long-term multimodal transportation vision and help adapt to changing needs that impact our transportation system.

Building the Plan

Updating the LRSTP is an 18-month process that began in the late summer of 2021 and will end by December 2022. KYTC transportation leaders and consultants from Michael Baker International are spearheading the effort to develop a comprehensive plan.

As we set the course for the future of Kentucky's transportation system, we're giving everyone a voice in the planning process. We will offer several opportunities to hear public and stakeholder input throughout the planning process to help shape the direction of statewide transportation planning for the next 25 years.

Help Us Get There

- ▶ Stay in the know and share feedback at: GetThereTogetherKY.org
- ▶ Take the transportation survey at GetThereTogetherKY.org: **October 22nd - December 6th, 2021.**
- ▶ Give your feedback on the draft plan at GetThereTogether.org: **October 2022.**
