DRIVING TIPS

Unless otherwise posted, the following speed limits apply. On open highways the speed limit for passenger cars is 60 miles per hour during the day, 50 mph at night. The truck speed limit is 50 mph, day or night. In populated areas the limit is usually posted as 25 or 35 mph. On Interstate highways and State parkways the speed limit is normally 70 mph, day or night, but watch for posted reductions in heavily traveled areas.

You must stop for school busses loading or unloading children, whether you are approaching from front or rear. You need not stop if you are traveling in the opposite direction to the bus on a four-lane highway divided by a median.

If you are involved in an accident, notify the nearest State Police post (see list). Accidents involving personal injury, or total damage of $200 or more, must be reported within 10 days to the Department of Public Safety on an official form, which may be obtained from any police station or State Police officer.

When you have trash to dispose of, please place it in a litter barrel. There's always one by the roadside, just a few minutes away.

OFFICE OF THE GOVERNOR
FRANKFORT, KENTUCKY 40601

Hospitality is a tradition in Kentucky. You can sense this in every magnificent region, so we invite you to stray off the beaten path and explore some of the secret Kentucky we treasure. Discover the tree-shaded country lanes, rolling fields of bluegrass, beautiful horse farms, and the picturesque small towns that retain so much of Kentucky's rich heritage.

Once ready to resume your journey, you will find a safe major highway network conveniently nearby.

Whether you are on a family vacation, a business trip, or just a short outing, we hope you will take advantage of all Kentucky has to offer.

As you travel through the Commonwealth, we ask you to drive carefully and observe the traffic rules. We want your journey to be as pleasant as possible, and we want to see you again.

Sincerely,

Wendell H. Ford
