

Legend

The Composite Adequacy Rating Percentile compares the roadway to similar facilities in Kentucky based on congestion, safety, and pavement condition.

- Very Good - 75.0 to 100%
- Good - 50.0 to 74.9%
- Fair - 25.0 to 49.9%
- Poor - 0 to 24.9%
- State Road
- Local Road
- ▭ County Boundary

NOTE:

- 0 - 25% generally indicates serious problems that need further analysis
- 76 - 100% generally indicates a road with relatively few problems.
