TAYLORSVILLE PUBLIC MEETING - NOVEMBER 8, 2001  
Item No. 5-347.00**

**PROPOSED CONSTRUCTION OF CONNECTOR FROM KY 44 WEST TO KY 55 NORTH OF TAYLORSVILLE**

---

**We need your help!** The Kentucky Transportation Cabinet is conducting a planning study for a Northwest KY 44/KY 55 connector in Taylorsville. The study will evaluate corridors for a new route. A map of the project area is attached.

To help us with the study, we would like for you to complete this questionnaire on the proposed project. This information will help us determine if there is a need for this route and what impacts this would have on your community and region. **Please fill out this form and return it to Transportation Cabinet staff here tonight or use the postage-paid envelopes provided to submit your comments by November 22, 2001.** We appreciate your participation!

Information on this project, including the questionnaire, is available on the Cabinet's internet web site at [www.kytc.state.ky.us/planning](http://www.kytc.state.ky.us/planning)
