LESSONS LEARNED

- ▶ **AVOID brick pavers for sidewalks/crosswalks – they are trip hazards.**
- ▶ **Involve your youth in identifying problems & suggest solutions.**
- ▶ **Use a GoPro camera to show various viewpoints.**
- ▶ **Utilize resources such as Keith Lovan, Troy Hearn, Bike Walk KY, etc.**
- ▶ **Bike Rental Program with Library or Recreation Center**
- ▶ **Educate the community about electric scooter usage.**

Wheelchair users sue Atlanta, alleging unsafe sidewalks and crosswalks

A statement released by the plaintiffs' attorneys said the city of Los Angeles, in 2015, settled a similar lawsuit by agreeing to allocate \$1.3 billion over 30 years to bring its sidewalks into compliance with the Americans with Disability Act. Earlier this year, the city of Portland settled another such suit by agreeing to allocate \$113 million over 12 years to fix its sidewalks and curbs.
