SPECIAL INSTRUCTIONS

Special or unique expertise should be shown on the project approach sheet of your response. The free format page in your response should be used for information pertaining to the inspection fee.

The inspection fee must be one (1) hourly rate which includes visual inspection and/or non-destructive testing inspection. The rate is to be the same for straight time and overtime. The rate should also include all overhead, travel and per diem expenses. The rate will apply to travel time and inspection in any fabrication shop.

The inspector must be an AWS certified, welding inspection and be a qualified, certified level 2 non-destructive testing inspector for magnetic particle and ultrasonic testing in accordance with the American Society of Non-Destructive Testing's recommended practices.

SCOPE

It is estimated that there will be four (4) structural steel bridges totaling 9040 tons let to contract in fiscal year 2001 that will be fabricated at various fabrication shops within the United States.

The consultant will provide the complete fabrication shop inspection of structural steel bridges let to contract during Fiscal Year July 1, 2000 - June 30, 2001. The duties include performing all radiographic, ultrasonic, magnetic particle and dye penetrant testing of welds, as required, and visual inspection to ensure fabrication in accordance with applicable specifications.
