

2-3-11

2011-07 Hopkins / EB 9004 / 2-8633.00

QUESTION: Please confirm that the prequalification for traffic forecasting is correct for this bulletin. It appears that the project would involve traffic demand modeling instead to evaluate the operational characteristics of the interchange.

RESPONSE: The prequalification in the bulletin for traffic forecasting is correct. The existing interchange is a fully functional interchange, therefore modeling will not be necessary to study the interchange.

The above Q & A section is dealing with the 2011-07 Project Listing Responses to Questions, Updates, and Clarifications will be posted up to four days before responses are due.
