

A REQUEST FOR PROPOSAL FOR PERSONAL SERVICES CONTRACT

Department of Highways Professional Services Procurement Bulletin 2012-07 Statewide Drainage Design

This document constitutes a Request for Proposals for Personal Service Contract from qualified individuals and organizations to furnish those services as described herein for the Commonwealth of Kentucky, Department of Highways.

I. PROJECT DESCRIPTION

Project Description – To provide engineering services as needed for Drainage Design for local, state, and interstate highway projects in accordance with established KYTC specifications and practices. Two (2) Consultants will be selected.

II. PROJECT INFORMATION

Project Manager – Ron Matar, P.E.

User Division – Highway Design

Approximate Fee – \$500,000 Upset Limit each Consultant

Work will be assigned via Letter Agreement, not to exceed \$100,000.00 per Letter Agreement

Note: Selection under this advertisement does not guarantee that work will be assigned.

III. PURPOSE AND NEED

To provide Drainage Design Services on an as needed basis.

IV. DBE REQUIREMENT

Consultant team may include a DBE Participation Plan with their Response to Announcement. An additional page will be allowed with the Project Approach (page 7) in the Response to Announcement to convey this plan. A maximum of 2 points will be considered in the evaluation factors for the DBE Participation Plan.

V. SCOPE OF WORK

Agreements will be prepared to provide Engineering Services as needed for the development of drainage analysis or drainage structure (e.g. underground pipes) analysis and any required documentation.

The selected Consultant will be responsible for working with the Kentucky Transportation Cabinet Division of Highway Design, Division of Structural Design, District Project Development Offices, FHWA, and local government to develop plans and/or special drainage analyses. Required services may include:

1. Perform large scale watershed and/or drainage network analyses.
2. Develop hydraulic models for large scale watershed and/or drainage networks.
3. Perform hydraulic analysis for storm sewers, culverts, bridges and detention/retention basins.
4. Analyze flooding impacts according to local and/or drainage networks.
5. Analyze buried structures for structural integrity.
6. Assist in development of drainage policies.
7. Review project for compliance with drainage policies and procedures.

Situation surveys may be required in order to develop hydraulic, hydrological and/or structural data. Surveying may be required to determine locations and elevations of drainage systems and topography of existing ground surfaces.

Consultant must demonstrate experience with KYTC drainage policies and procedures. This includes the KYTC Project Development Process and documentation procedures such as drainage folders.

VI. GUIDELINES AND SPECIFICATIONS

- Highway Design Guidance Manual
- Highway Drainage Design Manual
- FHWA Hydraulic Engineering Circulars
- FHWA Hydraulic Design Series
- Roadside Design Guide

VII. SPECIAL INSTRUCTIONS

Contract will be for two (2) years. Contract may be extended for time to complete work assigned under the initial 2-year term. No new assignments will be made after the initial 2-year term.

Contract will not be modified to increase \$500,000.00 upset limit. Once the Contract Upset Limit is met, or the 2-year term is reached; this service will be re-advertised.

Projects to be assigned by Letter of Agreement. No Letter Agreements shall exceed \$100,000.00 unless authorized by the State Highway Engineer.

The Selection Committee will randomly draw for the pool and list in consecutive order to determine the initial order for which a project will be offered. Projects will be offered to firms on a rotating basis. A firm will not be offered an additional project until the remaining firm on the list had been offered a project. If a firm declines to accept a project, that firm will not be eligible to

accept another project until the remaining firm on the list had been offered a project. If a firm declines a project; does not respond to an invitation to perform services for a project within fourteen days; or for the Department and Consultant cannot agree on a reasonable scope of work and fee for services, documentation shall be placed in the project files and the next firm on the rotating list shall be offered the project.

Instructions for Response to Announcement can be found at:
