2012-09 Statewide Surveying Services

- 1) Relative experience of consultant personnel assigned to project team with ~~Pavement Rehabilitation~~ **Surveying Services** and other Highway projects for KYTC and/or federal, local or other state governmental ~~schedule~~-agencies. (10 Points)

3/16/2012

2012-09 Ballard Co/US 51 1-100.00 & 1-1140.00

QUESTION: Will you please consider granting 2 additional pages for the written project approach (standard 3 + 1 for DBE + 2 additional). The magnitude of information relative to this project is enormous and it would be nice to have the additional space to adequately address many of these items effectively.

RESPONSE: Yes, KYTC will allow the following modifications to the standard response format for response to the Ballard Co/US 51 advertisement only. Page 7 (A-C) Project Approach, may be expanded, not to exceed 6 pages total (A-F), which includes the additional page for DBE participation plan.
