[2021-08 - Boyle | 9-80000 | New Route](#)

QUESTION: Please confirm that the following prequalifications are required for the Boyle County project:

- [Roadway Design](#)
 - Advanced Traffic Engineering Design & Modeling
 - Advanced Drainage Analysis & Design

ANSWER: The Cabinet has removed both the Advanced Traffic Engineering Design & Modeling and Advanced Drainage Analysis & Design prequalification requirements which will no longer be required for response. The Cabinet has inserted the basic **Traffic Engineering** prequalification requirement which will be required within the initial response. Please see [XV. Prequalification Requirements](#) of the revised RFP for more details.

[2021-08 - Boyle | 9-80000 | New Route](#)

QUESTION: Please confirm that the following prequalifications are required for the Boyle County project:

- [Environmental & UST Services](#)
 - UST Site Investigation (Phase 2)
 - Hazmat Site Investigation (Phase 2)

ANSWER: The Cabinet has removed both the UST Site Investigation (Phase 2) and Hazmat Site Investigation (Phase 2) prequalification requirements from the initial response. If either prequalification service will be required, they are not expected until final design and the Cabinet has noted this revision. Please see [XV. Prequalification Requirements](#) of the revised RFP for more details.
