[2026-09 - Statewide Planning Services](#)

**CLARIFICATION:** The Advanced Transportation Planning Engineering prequalification category was revised at the beginning of 2026 and renamed Complex Transportation Planning Engineering. This update was not reflected in the RFP and has now been corrected. Please see [Section X. Prequalification Requirements](#) of the RFP for more information.

**CLARIFICATION:** The Transportation Planning Engineering Services prequalification category was also revised at the beginning of 2026 and renamed Standard Transportation Planning Engineering. This update was not reflected in the RFP; however, the Standard Transportation Planning Engineering prequalification is not required for this RFP because Complex Transportation Planning Engineering is already a requirement. The Standard category has therefore been removed. Please see [Section X. Prequalification Requirements](#) of the RFP for more information.
