

3/16/11

2011-09 Henderson, Daviess, Ohio, Butler & Warren / 2-85.00

**QUESTION:** Can you please tell me how the advertised I69 planning study relates to the very similar project advertised in bulletin 2008-02 for Henderson, Daviess and Ohio Counties? That had an advertised \$600,000 fee and was shorter than the current project.

**RESPONSE:** The Henderson Daviess & Ohio / I-69 Spur / Strategic Corridor Planning Study was advertised in Procurement Bulletin Number 2008-02 dated August 14, 2007 with a somewhat different scope. A consultant was selected, but a contract was never signed due to funding issues. The scope of this study is not nearly as detailed as what was proposed previously. It should be similar to what we are doing with the Fulton/Hickman/Graves/Marshall/Livingston/Lyon I-69 study from Fulton to Eddyville that was advertised in Procurement Bulletin Number 2010-02 dated August 11, 2009.
