**Re: A Cultural Historic Resources Report for the Reconstruction of US 60
from Stafford Road in Ballard County, Kentucky to Bethel Church Road in
McCracken County, Kentucky (Item No. 1-115.00 and Item No. 1-115.10)**

Dear Mr. Goodman:

The State Historic Preservation Office has received for review and approval the above referenced cultural historic survey determination of eligibility and effect. The survey identified nine sites and found them to be ineligible for inclusion in the National Register of Historic Places. We concur that Site 1 (Ba-59), Site 2 (Ba-135), Site 3 (Ba-60), Site 4 (Ba-136), Site 5 (Ba-137), Site 6 (Ba-138), Site 7 (Ba-52), Site 8 (Ba-139) and Site 9 (Ba-140) fail to meet NRHP criteria and are, therefore, ineligible for listing. In accordance with 36CFR Part 800.4(d) of the Advisory Council's revised regulations our finding is that there are No Historic Properties affected within the undertaking's area of potential impact.

Should you have any questions, feel free to contact Janie Rice Brother of my staff at (502) 564-7005, extension 121.

Sincerely,

David L. Morgan, Executive Director
Kentucky Heritage Council and
State Historic Preservation Officer

Re: A Cultural Historic Evaluation and Eligibility Determination for the Robinson Property/Eagle Rest Plantation near Kevil in Ballard County, Kentucky (Item No 1-118.00)

Dear Mr. Waldner:

The State Historic Preservation Office has received for review and comment the above-referenced report completed by Craig Potts and Lori O'Connor of Cultural Resource Analysts, Inc. The proposed undertaking consists of the widening of US 60 from two lanes to four lanes from the proposed southern bypass of La Center to 1 mile east of Denis Jones Road in Ballard County.

Three previously identified historic resources were located within the area surveyed for this report: Site 1 and Site 8 (BA-141) and Site 5 (BA-54). The latter is, according to the authors, no longer extant.

We concur with the authors that Site 1 (BA-141), Site 2 (BA-152), Site 3 (BA-153), Site 4 (BA-154), Site 7 (BA-156) are not eligible for listing on the National Register of Historic Places (NRHP) individually or within the context of a historic district.

Site 6 (BA-155) does appear eligible for listing in the NRHP under Criterion A as a rural historic district. According to your letter of March 19, 2008, the proposed project bisects this site. Therefore, it is the determination of this office that this undertaking will have an Adverse Effect on Site 6. If you have questions regarding these comments, please contact Janie-Rice Brother of my staff at (502) 564-7005, extension 121.

Sincerely,

Donna M. Neary, Executive Director
and State Historic Preservation Officer

Re: Eagle Rest Plantation eligibility re-evaluation
Kevil, Ballard County, Kentucky
KYTC Item No. 1-115-118

Dear Mr. Peake:

Thank you for your letter concerning the eligibility determination and re-evaluation of the above-listed project. Pursuant to Section 106 of the National Historic Preservation Act of 1966 (16 U.S.C. Sec. 470f) and implementing regulations at 36 C.F.R. Part 800, the Kentucky Heritage Council (SHPO) received for review and comment information regarding the above-referenced project.

We understand from the two meetings attended at KYTC with members of KYTC-DEA and AECOM/Qk4 that the historic property known as the Eagle Rest Plantation has changed since the 2007 evaluation. These changes include the loss of the former dwelling due to fire. Furthermore, the site is essentially abandoned and with the partial demolition of the mule barn, we concur with the recommendation that the Eagle's Rest Plantation is no longer eligible for listing in the National Register of Historic Places (NRHP).

Should the project plans change, or should additional information become available regarding cultural resources please submit that information to our office as additional consultation may be warranted. If you have any questions please contact Christina Sabol of my staff at 502.892.3618.

Sincerely,

Craig A. Potts,
Executive Director and
State Historic Preservation Officer

**Re: Phase I Historic Resource Report for US 60 Improvement Project in Ballard and McCracken Counties, Kentucky (AECOM: Turner) – Eligibility Survey
KYTC Item No. 1-115.00, 1-115.10 & 1-118.00**

Dear Mr. Peake:

Thank you for your submission of the above-listed survey report. Pursuant to Section 106 of the National Historic Preservation Act of 1966 (16 U.S.C. Sec. 470f) and implementing regulations at 36 C.F.R. Part 800, the Kentucky Heritage Council (SHPO) received for review and comment information regarding the above-referenced project.

We understand that there were 71 historic resources identified within the Area of Potential Effect (APE). We understand that many resources (70 resources) including the "Eagle's Rest Plantation" and the "Oak Grove Church" have lost their integrity and are no longer eligible for listed on the NRHP. We concur that BA 180 (Site 2) is individually eligible.

Should the project plans change, or should additional information become available regarding cultural resources please submit that information to our office as additional consultation may be warranted. If you have any questions please contact Christina Sabol of my staff at 502.892.3618.

Sincerely,

Craig A. Potts,
Executive Director and
State Historic Preservation Officer

**Re: Addendum to: Phase I Historic Resources Report for US 60 Improvement Project in Ballard and McCracken Counties, Kentucky (AECOM: Turner)
KYTC Item No. 1-115.00, 1-115.10, & 1-118.00**

Dear Mr. Peake:

Thank you for your submission of the above-listed survey report. Pursuant to Section 106 of the National Historic Preservation Act of 1966 (54 U.S.C. 300101 et seq.) and implementing regulations at 36 C.F.R. Part 800, the Kentucky Heritage Council (SHPO) received for review and comment information regarding the above-referenced project.

We understand that there were nine (9) additional historic resources identified within the Area of Potential Effect (APE). We understand and concur that the nine (9) historic resources are ineligible for listing on the National Register of Historic Places. We also understand that project plans are now available and that a determination of effects were provided for all 80 above-ground resources. With the understanding that the undertaking will not affect the Eagle Rest Plantation Mule Barn, we concur with your finding of **No Adverse Effect** for the above-ground historic properties for the proposed project.

Should the project plans change, or should additional information become available regarding cultural resources please submit that information to our office as additional consultation may be warranted. If you have any questions please contact Christina Sabol of my staff at 502.892.3618.

Sincerely,

Craig A. Potts,
Executive Director and
State Historic Preservation Officer
