PROJECTS TARGETED FOR POTENTIAL ADVANCEMENT

PROJECTS TARGETED FOR POTENTIAL ADVANCEMENT (10% LIST)

As set forth by KRS 176.420 (HB 655), the following is a listing of all projects shown in the 2026 Recommended Highway Plan submitted to the 2026 General Assembly that are targeted for potential advancement. These projects may be advanced from later years to maximize the use of all funds available to the Transportation Cabinet, and to plan for the historical precedent of projects being delayed due to unforeseen circumstances. Submitted herein is a listing of projects from the last four years of the 2026 Recommended Highway Plan, not exceeding ten (10) percent of the expected appropriations for the biennium, which can be advanced if additional money is received or if a project in the biennium is delayed.

ACTIVE CONSTRUCTION PROJECTS

ACTIVE ROAD CONSTRUCTION PROJECTS "AUTHORIZED" OR "AWARDED"

As set forth by KRS 176.420 (HB 655), the following is a listing of all active Highway Plan construction projects, by county, not included or shown in the 2026 Recommended Highway Plan submitted to the 2026 General Assembly because funding has been authorized for the project and/or work has been initiated on the project.

An “active” construction project is defined, for this purpose, as a project from any Highway Plan prior to the 2026 Recommended Highway Plan, having all required phases authorized and the construction phase not having been “formally accepted” from the Contractor by the Transportation Cabinet. A project is “formally accepted” when all final inspections have been successfully completed and awaiting final payment to be made to the Contractor, whereas the Contractor is relieved of further obligation for work performed. All projects that have been formally accepted at the time of the printing of this listing are considered complete and are not included in the listing. Projects having the construction phase funding authorized AND have been let to contract and awarded are shown as “Awarded.” Those projects for which the construction phase funding is authorized, but have not been awarded are shown as “Authorized.”
