MEMORANDUM

DATE: August 10, 2018
TO: Lexington Area MPO Transportation Policy Committee (TPC) and all TPC Subcommittees
FROM: Max Conyers, MPO Transportation Planning Manager/Executive Secretary
SUBJECT: Notification of Administrative Modification #12 to the FY 2017–FY 2020 Transportation Improvement Program (TIP) and Administrative Modification #26 to the 2040 Metropolitan Transportation Plan (MTP)

On August 10, 2018, the Lexington Area Metropolitan Planning Organization issued Administrative Modification #12 to the FY 2017 – 2020 TIP.

Administrative Modification #12:

This action updates the previously published TIP document and tables. This modification adds a phase to a project currently listed in the TIP, as described below:

- Table 6A – LFUCG – Oxford Circle Sidewalks - add to project \$7,200 in funding for right of way phase (\$5,760 federal CMAQ funding). A 20% local match of \$1,440 will be provided by LFUCG.

* Additional funding for this phase is being provided by the Kentucky Transportation Cabinet through the federal Congestion Mitigation Air Quality Program, and thus financial constraint of the TIP is maintained. This action qualifies for an Administrative Modification because it applies to project types classified as Grouped Projects (Congestion Mitigation Air Quality/Bicycle and Pedestrian Facilities). A listing of Grouped Projects has been included in the TIP and MPO Participation Plan to allow planning process stakeholders and the general public to be informed of the types of potential projects that may be added to, or modified within, the TIP by Administrative Modification. TIP actions for these projects do not require additional public review or demonstration of financial constraint.

The updated TIP project details are shown below. *Please note that the amounts are rounded and are expressed in \$1000s.* The Administrative Modification has been posted on the MPO website at www.lexareampo.org Please contact me if you have any questions.
