**FY 2019-24 Transportation Improvement Program (TIP)
Administrative Modification #12**

ACTION:

The Bowling Green-Warren County Metropolitan Planning Organization (MPO) hereby modifies the FY 2019-2024 Transportation Improvement Program (TIP). This modification reflects the authorization of Transportation Alternatives Program (TAP) funds to add project 3-3018 for rehabilitation efforts on the College Street pedestrian bridge.

ITEM #s: 3-3018

DESCRIPTION: Rehabilitation of the College Street pedestrian bridge in Downtown Bowling Green.

SCOPE OF WORK: Bike/Ped Improvements

ROUTE: n/a

PHASE: C

FY: 2023

FUND TYPE: TAP

AMOUNT: \$1,650,000

Other Information: This TIP Modification modifies specific funding levels listed for TAP projects in *Table 2 (Summary of Funding)* of the TIP and adds the listed project to *Table 4 (Federally Funded Projects)* and *Table 9 (Projects Contributing to the Achievement of Highway Performance Targets)*. TAP projects are a project type identified in the Grouped Projects Table of the TIP; therefore a TIP Amendment is not necessary. A listing of Grouped Projects has been included in the TIP allowing planning process stakeholders and the general public to be informed of the types of potential projects that may be added to the TIP and Metropolitan Transportation Plan (MTP) by Administrative Modification. This modification references *Table 7.4 – Transportation Alternatives Projects* – in the MTP. TIP actions for these projects will not require additional public review. This action involves a commitment of funding for the project by the project sponsor (Kentucky Transportation Cabinet). This funding maintains financial constraint of the TIP and MTP documents, and no additional financial constraint analysis by the MPO is needed.

The modified FY2019-2024 TIP tables are included on the following pages.
