Total Estimated Project Cost:	\$2,046,241 \$2,487,654		Total Cost Programmed in TIP to date:	\$2,046,241 \$2,212,654	
Description:	Intersection improvement with new signals on US 150 at Everett Avenue, Steiller Road, and Buck Creek Road.				
Justification:	Intent of the project to improve corridor progression on US 150 by implementing intersection upgrades. This report will focus on the segment of US 150 in Floyd County, between Edwardsville-Galena Road and Old Vincennes Road in and around the Galena and the Floyds Knobs area. The original study area extended west to Snyder Chapel Road, west of Greenville in Harrison County, for modeling purposes. All relevant background data is included. The report describes the project at a preliminary level and will guide the ongoing phases of project development.

Project Name:	Jeffersonville 9th Street/Clarksville Montgomery Avenue Multimodal Connection	Funding Source:	Transportation Alternatives (TA-MPO)	Open to Public Date:	2023
Total Estimated Project Cost:	\$3,308,348 \$2,964,000		Total Cost Programmed in TIP to date:	\$3,308,348 \$2,909,671	
Description:	Design and construction of multimodal connection between Jeffersonville and Clarksville's Arts Districts, underneath I-65 along Montgomery Avenue and 9th Street. The design will include new sidewalks, bicycle paths, lighting, and other aesthetic amenities. Project length is 0.64 miles.				
Justification:	The construction of I-65 has created a significant barrier to community connectivity between Jeffersonville and Clarksville in the Southern Indiana region. In an effort to recreate the connectivity once enjoyed by this area, both communities intend to partner in order to provide a safe, attractive bicycle and pedestrian connection for residents in each community. There are very few alternative transportation options available connecting these two communities, due to restrictions created by the interstate corridor. Citizens and visitors will have a safe route provided to them to cross between communities and Arts and Cultural Districts without using motorized transportation. In conjunction with other projects that Jeffersonville and Clarksville are undertaking, this improvement will provide an additional path to the Ohio River Greenway.
