RESOLUTION

OF THE EXECUTIVE COMMITTEE OF THE OHIO-KENTUCKY-INDIANA REGIONAL COUNCIL OF GOVERNMENTS

CONCERNING AMENDMENT #34 OF THE FISCAL YEARS 2008 – 2011 TRANSPORTATION IMPROVEMENT PROGRAM

WHEREAS, the Ohlo Kentucky Indiana Regional Council of Governments (OKI) is designated as the Metropolitan Planning Organization (MPO) by the Governors of Ohio, Kentucky and Indiana acting through the Ohio Department of Transportation (ODOT), the Kentucky Transportation Cabinet (KYTC) and the Indiana Department of Transportation (INDOT) and in cooperation with locally elected officials in the OKI region; and

WHEREAS, the Intermodal Coordinating Committee (ICC), as the technical advisory committee to OKI, has reviewed and recommended the projects listed in the resolution and recommend that they be added/amended into the Transportation Improvement Program (TIP); and

WHEREAS, all federally funded transit and highway projects in the Ohio Counties of Butler, Clermont, Hamilton and Warren, the Kentucky Counties of Boone, Campbell and Kenton and the Indiana County of Dearborn must be included in the TIP prior to the expenditure of federal funds and be listed with year of expenditure dollars; and

WHEREAS, the amendments are consistent with the *OKI 2030 Regional Transportation Plan* adopted on June 12, 2008 and the OKI Regional ITS Architecture adopted on March 13, 2008; and

WHEREAS, these amendments are consistent with OKI's previous air quality conformity analysis of June 12, 2008 and approved by the Federal Highway Administration on September 26, 2008 and it has been determined through interagency consultation that a new conformity finding is not needed; and

WHEREAS, for amendments involving exempt projects as listed in 40 CFR Part 93.126 are exempt from transportation conformity requirements and public review is not required as per the OKI Participation Plan; and

WHEREAS, for amendments involving non-exempt projects that are not regionally significant, both public review and transportation conformity determination are required. These projects may rely on a previous regional emissions analysis and the public participation process consists of posting the amendment and conformity reports on OKI's website and the opportunity to comment prior to the OKI Executive Committee/Board of Directors action; and

WHEREAS, amendments involving non-exempt projects that are regionally significant must be listed in the Metropolitan Transportation Plan (MTP). If these projects are not listed in the MTP, public participation is provided through either a series of public meetings and a public hearing related to the MTP Update, or, if the TIP amendment for a capacity project occurs in the interval between MTP updates, through a public hearing to amend the MTP and a new conformity determination is required; and

WHEREAS, the environmental justice impacts of these amendments have been considered with "Executive Order 12898 Federal Actions to Address Environmental Justice in Minority Populations and Low Income Populations"; and

WHEREAS, this amendment will result in a TIP that remains fiscally constrained:

NOW THEREFORE BE IT RESOLVED, that the Executive Committee of the Ohio Kentucky Indiana Regional Council of Governments, at its regular meeting on March 10, 2011 hereby amends the Fiscal Years 2008 – 2011 Transportation Improvement Program as listed below:

720 East Pete Rose Way, Suite 420

Dear Mr. Policinski:

The Kentucky Division Office of the Federal Highway Administration (FHWA) reviewed the following document

Amendment 34 to the 2008-2011 Transportation Improvement Program (TIP) for the Cincinnati Area Metropolitan Planning Organization (MPO resolution approval date of March 10, 2011)

and found that this amendment included only two projects in Kentucky and both project were exempt from conformity requirements. This amendment will not change the regional emissions analysis that was used to support the most recent conformity determination made on June 28, 2007. Therefore a new air quality conformity determination is not required for the Kentucky projects included in this amendment under the Transportation Conformity Rule. If you have any questions, please contact me at (502) 223-6729.

Sincerely,
