

SPECIAL PROVISION FOR KENTUCKY AIRPORT ZONING COMMISSION

This special provision will apply when indicated on the plans or in the proposal.

A permit must be obtained from the Kentucky Airport Zoning Commission anytime a project is within 20,000 feet of a Public Use or Military Airport or 200 feet above ground level. The Prime Contractor will be responsible for submitting the permit application to the Kentucky Airport Zoning Commission. This note pertains to permanent and/or temporary structures. Permanent structures are defined as 4 months or greater. Temporary structures are defined as less than 4 months.

The following is the Jurisdiction of the Kentucky Airport Zoning Commission:

KRS 183.867 specifies that the commission has jurisdiction over zoning for all public use and military airports. This administrative regulation defines the areas over which the Kentucky Airport Zoning Commission has jurisdiction for the purpose of zoning in accordance with KRS Chapter 183 and specifies when the owner or person who has control over a structure which encroaches on the jurisdiction of the Kentucky Airport Zoning Commission shall apply for a permit.

Section 1. The commission has zoning jurisdiction over that airspace over and around the public use and military airports within the Commonwealth which lies above the imaginary surface that extends outward and upward at one (1) of the following slopes:

(1) 100 to one (1) for a horizontal distance of 20,000 feet from the nearest point of the nearest runway of each public use and military airport with at least one (1) runway 3,200 feet or more in length; or

(2) Fifty (50) to one (1) for a horizontal distance of 10,000 feet from the nearest point of the nearest runway of each public use and military airport with its longest runway less than 3,200 feet in actual length.

Section 2. The commission has zoning jurisdiction over the use of land and structures within public use airports within the state.

Section 3. The commission has jurisdiction from the ground upward within the limits of the primary and approach surfaces of each public use and military airport as depicted on Airport Zoning Maps approved by the Kentucky Airport Zoning Commission.

Section 4. The commission has jurisdiction over the airspace of the Commonwealth that exceeds 200 feet in height above ground level.
