

Title Application Queues

This guide demonstrates how title applications display in both the For Approval and Returned Work queues. Title applications in the For Approval queue have been checked out by Clerks, need to be reviewed for completeness, and can be submitted to MVL. Title applications in the Returned Work queue have been returned by MVL because they are incomplete in some way and need to be resubmitted to MVL once complete.

For Approval Queue

1. Clerks should review and submit title applications from their "For Approval" queue daily. Title applications that are successfully checked out display in the queue and can be submitted to MVL either individually or in bulk. Clerks can request Extra Review for the title applications that need special handling by MVL if it was not requested during the title application process.

Performing a Bulk Submit to MVL bypasses the option to request additional MVL Review or to provide comments.

Back To Application Queue

- c. Clerks can "Hold in Clerk's Office" or "Submit to MVL" after reviewing the title application and supporting documents. PODD documents will be linked and can be viewed. (Note: Hold in Clerk's Office is currently not working and may not be fixed in time for the January release.)

Returned Work Queue

1. Clerks should review items in the "Returned Work" queue daily. Title applications that are incomplete or are missing documentation are returned by MVL to the Clerk's queue. Clerks can view comments added by the MVL Reviewer and the Pend Reasons associated with the title applications so that they have information about what need to be corrected.

FRANKLIN County has 13 applications that are overdue to MVL
