129 Open	Weight Change	37318 - Weight Change to 10k plate throws wrong error message when B/I date is missing	None

1 Info	Informational	Use tax description selections for travel and camping trailers.	Below is DOR's guidance of the mapping of Usage tax to Use tax codes. • use UU for avis codes AF, NW, 81, 90, N9, GT, RT, MN, OR, HD, PT U5 – DA, DE, DR • use U1 for avis codes PC, GP, HW U8 – Credit for sales; tax paid out-of-state (Attach copy of receipt) • use U2 for avis codes KY, LO, US UC – KT, MI, SC, TC • use U3 for avis codes CO, NC, TU, WL NA – UD • use U4 for avis codes CR, CS, CH, ED, IN, MX, RD, RP NS – Not applicable.
2 Info	Informational	On an Out of State transfer, do not use the "From KY Dealer" checkbox. Vehicles coming through a Dealer must be Dealer Assigned before being transferred to a new owner.	Use Multi-Transfer from the Title New Vehicle tile so that you can complete the Dealer transfer and the Transfer to a new Buyer. Also, a standalone out of state Dealer Assignment can be performed
3 Info	Informational	Urgent- One Time Scripts: these are to be used sparingly when you have no way of correcting data while we await the fixes to the bugs/stories needed.	1. Reversals/Reactivations that have not changed the title and/or registration statuses correctly 2. Personalized plates that cannot be reissued 3. Insurance companies that are being flagged with pva issues/delinquencies when they should be exempt 4. cannot checkout duplicate of a cancelled registration

4 Info		Informational	EV/Hybrid fees should be collected as Misc. fees in the same shopping cart as the registration renewal.	Workaround: N/A Please steer the customer to EVHV.ky.gov to pay this fee • NOTE: No more than one EV/HV vehicle per shopping cart. • For EV/HV vehicles if you already processed the registration, you must reverse the registration and then process again with the miscellaneous charge included.
5 Info		Informational	UDI Permit not Approved in KAVIS when it has been approved	KAVIS is updated twice daily (1pm and 1am) with updates made to the UDI system.
#REF! Info		Informational	cannot checkout a Salvage Other 1st without the unrebuildable brand	All Salvage Other 1st are supposed to be Unrebuildable. Users would use a regular Salvage OOS Transfer TA to make the distinction in regular Salvage vs Unrebuildable. This is to keep clerks from using Salvage Other 1st incorrectly.
#REF! Info		Informational - Title Applications	some insurance companies are being flagged with pva issues/delinquencies when they should be exempt	with the specific organization's customer account numbers so we can run a script to fix them in the database
#REF! Info		Informational- Edit Title	Vehicle detail fields are not able to be edited during reprocessing of cancelled applications	workaround: none - this is intentional due to business rules when VINs are VIN certified. MVL can edit these fields in application status.
#REF! Info		Informational - Title Applications- Title Printing	Cannot print BTR	this issue is with the printer's connection. For printer issues, Clay can address. This is not a KAVIS issue.

Info	Informational - PVA	PVA/DOR; Identify Insurance Companies and Ignore PVA	Contact KAVIS Support with the Customer Account Number of the Insurance Company. KAVIS will confirm the customer is an insurance company and run a script to clear PVA issues for salvage vehicles owned by the company.
Info	Informational - Plates	Alternate Registrants (Lessees) are required to have KAVIS Customer IDs error message	This error message is not a bug - this indicates that the lessee of the vehicle does not have a KAVIS customer ID. In the lessee section, click add lessee and search to see if your customer has an existing account. If they do not, you will need to create one and add it to the title.
Info	Informational	Failed to Load Vehicle Summary Error: Please Contact the PVA	training issue - clerk needs to reach out to the PVA, the next step should be clear to them. This error is sometimes seen when the vehicle had previously been in another county and the customer moved causing a discrepancy in the tax district.
Closed	~~Title Application~~	~~43573: Repo Lienholder No Sale - NS tax selection gives tax error in shopping cart~~	~~none~~

#REF!	Closed	~~Dealer Assignment~~	~~Story 34043: Dealers with valid prior year permit need to be able to process DAs when the date of purchase is that prior year~~	~~workaround: none~~
	Closed	~~Customer Account~~	~~bug 41018: When converting an organization to an individual, the org name is not cleared. It will display during the buyer step. There will be an error on check out if processing with a check.~~	~~Workaround: use a payment type other than check. For name displaying in buyer step, this is not a blocker, user can continue.~~
	Closed	~~MVL~~	~~story 42722: Uncaught Type Error + Application not showing as most current in chain of ownership~~	~~none, script needed~~
	Closed	~~Placards~~	~~bug 42253: Reversal of placard transaction results in shopping cart error~~	~~none~~
	Closed	Customer Account	~~Story 42843: 2 DL Verified Accounts for the Same Person~~	~~MVL will have to handle these cases individually to identify which account to keep. They will unverify the incorrect account. If accounts have been merged, they will need to unmerge, then unverify.~~
	Closed	~~Shopping Cart~~	~~bug 42017: transfer cancelled from shopping cart and new transaction completed. The older transaction shows complete although no payment was taken~~	~~none~~

	Closed	Web Renewal	story 33473: Unable to Refund Web Renewals	There are two options when a customer wants a web renewal refund that was paid early or in error: 1. Use a refund check and manually document the refund as they did in AVIS. Clerks will likely not use this option as it essentially gives the customer a free registration because the refund is not reflected in KAVIS and the customer has the sticker in their possession. 2. Deny the refund. The registration fee is legitimate and the customer is not entitled to a refund by law
	Closed	Title Applications	36459: Dirt Bike decoding as motorcycle	Clerk to title the vehicle as a motorcycle and process as 'Title Only'. Once the title is active, use the Update Vehicle Type Correction TA in order to correct the vehicle to be off road.
	Closed	Registration	bug 42058: Reactivation Button Missing for Incomplete Transfer	use a reversal if available. If reversal is not an option, a script is needed to reset the registration
#REF!	Closed	Liens	Bug 35074: Old liens are printing on Registration receipt.	workaround: mark them off the receipt
#REF!	Closed	Liens	Bug 31660: liens that were released in avis are needed in kavis	Workaround: The "RL" (Released Lien Inquiry) screen in AVIS is still available.

#REF!	Closed	Liens-Lessee	Story 32118: pending liens for Lessees cannot be filed or deleted	workaround: add a filed lien to the title instead of a pending lien
	Closed	MVL	33066: MVL Cannot Edit Owners on Surrendered Titles	reverse the title to an active state
1	Closed	Plates-Title Applications	Story 33099: Registration Actions are not eligible when application status is MVL Pending; Returned County Clerk; Returned to County Clerk Worked	workaround: Registration can be added after MVL has Approved the application, when the application status is 'MVL Approved'
2	Closed	Plates-Personalized	Story 35571: some personalized plates cannot be reissued	The root cause of the "invalid record identifier" error has been fixed, but the fix prevents new iterations of this error from forming. Any kept Personalized Plate that had already been subjected to the conditions that brought about the error will still need to be manually fixed, so it is possible you still may see this error for a while longer. We are putting together a comprehensive script to clean all of these up, but that effort is ongoing. If you run into the error, please continue to forward the information required for the manual fix to the KAVIS Team.
3	Closed	Plates-Personalized	Story 33922: Customer Merge flow must update Customer ID field on the PersonalizedPlate table	workaround: contact MVL, they can change the customer id connected with the personalized plate
#REF!	Closed	Plates-Personalized	Story 19286: Clerks cannot reverse a personalized plate application after the shopping cart is checked out.	Workaround: Please pay attention to these transactions. Contact MVL to cancel the application. We will be adding this specific reversal functionality to KAVIS in the future.
#REF!	Closed	Plates-Historic	Bug 35746: The tax rates are incorrect for a vehicle with Historic plate after an update title action	workaround: none

#REF!	Closed	Plates-Military	Story 31129: Unable to waive fees for certain military plates	workaround: none
	Closed	Plates Lessee	The Plate # entered is not associated with an Owner or Lessee of this vehicle	For vehicles with lessees a common cause is that there is not a customer ID present for the lessee, as there was incomplete data for alt registrants at the time of import. Clerk needs to select a customer with a KAVIS customer ID.
#REF!	Closed	Plates-Lessee	Story 35656: Some Lessees with personalized plate cannot reissue plate	workaround: maybe a one time script contact kavis@ky.gov with the customer number of the lessee, the previous title number and new title number the lessee would like to put the plate on
#REF!	Closed	Plates-Dealer	Bug 32929: When the Master Dealer Plate is active, it should not be required when a duplicate is being renewed.	workaround: none
#REF!	Closed	Plates-Reissue	Cannot reissue some plates due to KAVIS requiring insurance	workaround: none unless the plate is Personalized, then you can get it onto a vehicle using Plate Change/Weight Change or First Time Registration, as long as MVL changes its status on ITI to 'Available'.
#REF!	Closed	Plates	Bug 21800: 'Plate change' option is not present in the registration action dropdown on the Manage screen of Utility Trailer.	workaround: none
#REF!	Closed	Plates	Bug 27054: Kavis should not allow clerk to renew Registration during the grace period without paying current year taxes.	workaround: check the ad valorem section of the manage page that the current vehicle being registered has ad val that should be included

#REF!	Closed	Plates	Story 35661: cannot add Official Trailer Plate Types to Travel Trailer and Camping Trailer	workaround: none
#REF!	Closed	Plates	Story 33148: Form 2290 Checkbox when selecting for Weighted Plates and Apportion Certificate for 55K and above [placeholder]	requested enhancement
#REF!	Closed	Plates	Bug 25057: 'Unable to find Registration fee record' while trying to renew the registration of a Motor Home.	workaround: none
#REF!	Closed	Plates	36544 KAVIS is trying to update ITI for a plate that is either not in ITI or the plate details are missing in KAVIS.	workaround: contact MVL to add the plate to ITI as issued.
#REF!	Closed	Plates	Story 2545: cannot cancel the registration of 'Unknown' vehicle types	unknown is correct, it cannot be cancelled as of now. If this is incorrect, checkout an 'Update Vehicle Type Correction' application and then cancel
#REF!	Closed	Bulk Processing	Stories: 19530, 19533, 20419, 21316, 21317, 34276: cannot renew vehicles from the Bulk Processing Page	workaround: checkout renewals individually or use the Renew All function available from the Customer Account page
#REF!	Closed	Bulk Processing	Bug 35060: not able to checkout large numbers (>1000) of ad val payments from the bulk processing page	workaround: checkout smaller batches from the buk processing page

#REF! Closed	Bulk Renewal	Story 22560: cannot checkout multiple/bulk renewals from the Customer Account Page in one transaction	Workaround: Vehicles will need to be renewed one at a time from the Customer Account page. The renewals can be checked out in one transaction; bulk Renewal functionality will be added to KAVIS in the future.

1 Closed	Title Applications	Story 30504: Repossessions cannot be processed as speed titles	Workaround: If a speed title is required, use "Kentucky Transfer" as the title action.
2 Closed	Title Applications	Story 10773: Cylinder value greater than zero is required for electric vehicles	Workaround: Enter "1" cylinder so that the field is not blank.
3 Closed	Title Applications	Bug 38975 When there is VIN less than 17 characters, a clerk cannot process any title actions. Checkout will fail for 'extra review reasons'.	Workaround: Clerk pad the VIN with extra characters to get the application through checkout. MVL will need to immediately edit the VIN while in application status. The only time this will not work is if the short VIN has an existing duplicate in KAVIS
Closed	Title Applications	Bug 38896 - Short VIN Vehicle Year Warning Blocking NTA: When entering a vehicle year for a trailer on bubble two and the year entered is after 1981, a warning message will display saying "For vehicles manufactured in 1981 or after, VIN needs to be 17 characters".	Clerk enter vehicle year as 1982 or after and check out. While still in application status, MVL will need to edit the vehicle year.
Closed	Title Applications	Story: 40529: KAVIS auto cancelling applications less than 500 days old	Clerk can select 'Edit title' from the title dropdown to get it out of a cancelled status

Closed	Title Applications	Story 40476 - Uncaught Type Error, Cannot Approve Application With VIN Change from Queue	MVL must edit the VIN on the application back to what it was previously (the incorrect VIN) to detach it from this chain of ownership. Then, clerk must reverse the application, cancel the previous title and work off the existing title with the correct VIN.
1 Closed	Title Applications-Plates	34201: Cannot checkout an Out of State transfer when reissuing a plate. This action fails at checkout with the 'invalid record identifier' error message.	Workaround: Complete the Out of State transfer as title only. After it prints, in a separate transaction, reissue the plate on Manage page. If the customer can't wait for that, contact kavis@ky.gov for the database fix.
2 Closed	Title Applications-Update	Bug 35443: update titles are requiring non-delinquent taxes to be paid	workaround: checkout the taxes before starting the update title application
3 Closed	Title Applications-Update/ Duplicate	Story 29314: Boats cannot checkout a Duplicate/Update with PVA issues or Delinquencies	workaround: Work with your PVA to mark the taxes as Non-taxable, temporarily, if taxes should not be collected for purposes of the title application. The tax status can be updated back to Taxable once the application is checked out.
