SPECIAL NOTE FOR MAINTAIN AND CONTROL TRAFFIC

All lane closures on this project shall be in accordance with Kentucky Department of Highways Standard Drawings No. **TTC 100, TTC 110, TTC-115, TTC-120, TTC-125, TTC-135, TTD 120, RBM-115, RBM-120 and the FHWA Manual for Uniform Traffic Control Devices (current editions) unless otherwise specified.** Lane closures should be used only when absolutely necessary and kept to the shortest duration possible in order to minimize disruption to the traveling public. No work will be conducted over unprotected traffic at any location. At the discretion of the Engineer, lane closures may be restricted on holiday weekends. The contractor must submit a traffic control plan for review and approval by the KYTC Engineer 14 days prior to the Pre-Construction Conference.

1. EMERGENCY REPAIRS AND COORDINATION WITH OTHER CONTRACTS

In the event it becomes necessary to make emergency repairs at this project by state forces or by other outside contractors, the (painting) contractor agrees to alter his work pattern as directed by the engineer so as not to interfere with the emergency work. The contractor shall be required to coordinate his efforts with those of any other contractor in the construction area.

2. TRAFFIC CONTROL DEVICES

The contractor will be required to furnish all traffic control devices whenever his operations endanger or interfere with vehicular traffic as determined by the engineer. The contractor shall furnish any additional traffic control devices necessary to protect traffic and his workmen. Placement of all devices for lane closures shall start and proceed in the direction of flow of traffic. Removal of devices shall start at the end of the construction area and proceed toward oncoming traffic. The contractor shall provide for the installation of all necessary traffic control devices before beginning work and their immediate removal as soon as work is suspended or completed. During the fully operational periods, when no lane closures are permitted, all equipment shall be totally removed from the job site. Traffic control signs shall be removed or covered if lane closure is not in place. All cost to furnish and install any additional traffic control devices needed and traffic control devices not listed in the measurement and payment items sections of this note shall be considered incidental to maintain and control traffic.

3. VEHICLES

The contractor's vehicles shall always move with and not across or against the flow of traffic. Vehicles shall enter or leave work areas in a manner that will not be hazardous to or interfere with normal roadway traffic. Vehicles shall not park or stop except within designated work areas.

Personal vehicles will not be permitted to park within the state right-of-way. The contractor's vehicles will be prohibited from crossing the roadway and all pedestrian movement of the contractor's personnel on the roadway will be limited to within the closed work areas.

4. POLICE OFFICER WITH VEHICLE

A “police officer with vehicle” will be used for installation of and removal of all lane closures and deployment of rolling roadblocks. The Contractor will be responsible for all coordination with the local law enforcement and the KYTC engineer. Payment for this item will be included in the lump sum bid for Maintain and Control Traffic.

5. TRUCK MOUNTED ATTENUATOR

Any lane or shoulder closure will include the use of a Truck Mounted Attenuator placed between oncoming traffic and equipment or vehicles. Payment for this item will be included in the lump sum bid for Maintain and Control Traffic.

6. MINIMUM VERTICAL AND HORIZONTAL CLEARANCES

A minimum vertical clearance of **16'-0”** for routes above I-265 and **15'-0”** for routes below I-265 shall be maintained for any rigging and containment materials left in place above traffic. This minimum vertical clearance must be signed. The Contractor shall notify the Kentucky Transportation Cabinet’s Department of Motor Carriers Oversize Permits Section: for height and width restrictions when any rigging and containment is in place with minimal clearance

Kentucky Transportation Cabinet’s Department of Motor Carriers Oversize Permits Section:

<https://drive.ky.gov/motor-carriers/Pages/OWOD-Services.aspx>

7. ROLLING ROAD BLOCKS.

Rolling roadblocks will be permitted during the hours **8:00 PM to 5:00 AM** for rigging and containment installation/removal. When using rolling road blocks the Contractor shall employ one vehicle per lane including ramps as necessary, in one direction at a predetermined time and predetermined speed as directed by the Engineer. There shall be no stopping of the rolling roadblock. Prior to instituting such the roadway ahead shall be cleared of traffic as directed by the Engineer. The area of influence shall be sealed off (all on-ramps or access intersection closed) by use of flaggers and or Contractor’s vehicles. The purpose is to seal off a certain work area and/or work function as designated in the notes so that the Contractor can perform certain work without any hazard to traffic. The rolling roadblock shall prevent any other vehicles at a slower speed than normal and forcing all vehicles to follow behind the Contractor’s vehicles at their predetermined speed. Rolling roadblock will be used during specified hours as directed by the Engineer. See link below for additional requirements.

Kentucky Transportation Cabinet’s Permits Branch:

Form-TC 99-210 Rolling Road Block for Permitted Work Full Controlled Highways

<https://transportation.ky.gov/OrganizationalResources/Forms/TC%2099-210.pdf>

8. STAGING IN MEDIAN AREAS.

The Contractor shall be responsible for any base material to park equipment on in median areas. This material must be removed and site restored to original condition as directed by the Engineer upon completion of the project.

9. TEMPORARY CONCRETE BARRIERS FOR STAGING IN THE MEDIAN AND SHOULDER CLOSURES.

Staging in median areas and shoulder closures specified for each bridge shall require temporary Concrete Barriers 9t (**NO ALTERNATIVES ALLOWED**) to protect work area in the median clear zones and shoulder closures, as directed by the engineer. All temporary barrier for shoulder closures shall be use in accordance the applicable standard specifications and standard drawings listed in this note. Temporary Concrete Barriers shall remain the Contractor's property and shall be removed from the construction site upon completion of construction. Cost of temporary concrete barrier 9t for this work shall be considered incidental to the "Lump Sum Bid for Maintain and Control Traffic.

10. VEHICULAR PLATFORM USE.

Should the use any vehicular platform methods and equipment to complete work with specified maintenance of traffic, the Contractor must submit their deployment plan to the using vehicular platform with the required traffic control plan submittal.

11. MISC.

The Contractor shall reduce the speed limit to **55 MPH**.

The use of Double Fine Zones shall be used. See Standard Drawing TTD-120 C.E.

Queue protection warning alert system with message boards shall be used. See Special Note for Portable Queue Warning Alert System.

12. NARRITIVES.

056B00324L&R

I-265 (Route Above)

Maintain one 12' driving lane in each direction for all work between the hours of **8:00 PM** until **5:00 AM** 7 days a week.

RT 1067 (Route Below)

Maintain one usable 10-foot minimum lane and one sidewalk. Flagging or traffic signals shall be used. The Contractor will be permitted to close RT 1067 to traffic as directed by the Engineer. If this option is used, the Contractor shall submit their closure and detour plan for approval. All items to required to close RT 1067 shall be considered incidental to Maintain and Control Traffic.

056B00326N

KY 61 (Route Above)

Maintain one usable 12-foot minimum lane each direction for expansion dam replacement work. Temporary Barrier Wall shall be use for this work. **Four (2 each direction) 57 hour periods 8:00 PM Friday though 5:00 AM Monday** will be permitted for joint replacement work. Temporary Barrier Wall Concrete Barriers 9t (**NO ALTERNATIVES ALLOWED**) shall be use for this work. Maintain one 12' driving lane in each direction for all other work between the hours of **8:00 PM** until **5:00 AM** 7 days a week.

I-265 (Route Below)

Maintain one 12' driving lane in each direction for all work for all work. All work requiring lane closures and rolling road blocks will be permitted between the hours of **8:00 PM** until **5:00 AM** 7 days a week. Equipment staging will be permitted in the shoulders, median and gore areas. Shoulder closures will be permitted to stay in place for all work.

056B00327N

KY 61 Ramp (Route Above)

Maintain one usable 12-foot minimum lane for all work will be permitted between the hours of **8:00 PM** until **5:00 AM** 7 days a week.

I-265 and KY 61 (Routes Below)

Maintain one 12' driving lane in each direction for all. All work requiring lane closures and rolling road blocks will be permitted between the hours of **8:00 PM** until **5:00 AM** 7 days a week. Equipment staging will be permitted in the shoulders, median and gore areas. Shoulder closures on I-265 will be permitted to stay in place for all work.

056B00372L&R

I-265 (Route Above)

Maintain one 12' driving lane in each direction for all work between the hours of **8:00 PM** until **5:00 AM** 7 days a week for all work. Equipment staging in the median at each end of the bridges will be permitted.

KY 864 (Route Below)

Maintain one 12' driving lane in each direction for all work. All work requiring lane closures and rolling road blocks will be permitted between the hours of **8:00 PM** until **5:00 AM** 7 days a week. Equipment staging will be permitted in the shoulders, median and gore areas. Shoulder closures will be permitted to stay in place for all work.

056B00375L&R

I-265 (Route Above)

Maintain one usable 12-foot minimum lane each direction for expansion dam replacement work. Temporary Concrete Barriers 9t (**NO ALTERNATIVES ALLOWED**) shall be use for this work. **Four (2 each direction) 57 hour periods 8:00 PM Friday though 5:00 AM Monday** will be permitted for joint replacement work. Maintain one 12' driving lane in each direction for all other work between the hours of **8:00 PM** until **5:00 AM** 7 days a week.

US 31E (Route Below)

Maintain one 12' driving lane in each direction for all work for all work. All work requiring lane closures and rolling road blocks will be permitted between the hours of **8:00 PM** until **5:00 AM** 7 days a week. The US 31E ramp closures will be permitted by the direction of the Engineer. Equipment staging will be permitted in the shoulders, median and gore areas. Shoulder closures will be permitted to stay in place for all work.

056B00376N, 056B00086N & 056B00093N

CR 1006, CR 1007 and CR 1003 (Routes Above)

Maintain one usable 12-foot minimum lane for all work. Flagging or traffic signals shall be used. If traffic signals are used the Contractor shall use flagging to minimize impact on school bus traffic when school is in session. The Contractor shall be responsible for establishing the dates and times when school bus traffic will impact the job site.

I-265 (Route Below)

Maintain one 12' driving lane in each direction for all work between the hours of **8:00 PM** until **5:00 AM** 7 days a week. Equipment staging will be permitted in the shoulders, median and gore areas. Shoulder closures will be permitted to stay in place for all work. **No work will be permitted requiring traffic control on I-265 on 056B00086N and 056B00093N before September 1, 2024.**

056B00380L&R

I-265 (Route Above)

Maintain one usable 12-foot minimum lane each direction for expansion dam replacement work. Temporary Concrete Barriers 9t (**NO ALTERNATIVES ALLOWED**) shall be use for this work. **Four (2 each direction) 57 hour periods 8:00 PM Friday though 5:00 AM Monday** will be permitted for joint replacement work. Maintain one 12' driving lane in each direction for all work between the hours of **8:00 PM** until **5:00 AM** 7 days a week. **No work will be permitted requiring traffic control on I-265 before September 1, 2024.**

KY 155 (Route Below)

Maintain one 12' driving lane in each direction for all work for all work. All work requiring lane closures and rolling road blocks will be permitted between the hours of **8:00 PM** until **5:00 AM** 7 days a week. Equipment staging will be permitted in the shoulders, median and gore areas. Shoulder closures will be permitted to stay in place for all work.

13. MEASUREMENT.

A. Maintain and Control Traffic: The Department will measure the quantity as “Lump Sum”.

B. Portable Changeable Message Sign, Relocate Crash Cushion and Temporary Crash Cushion : The Department will measure the quantity for “Each”.

C. Relocate Temporary Barrier and Concrete Barrier Wall type 9T: The Department will measure the quantity in “Linear Feet”.

14. PAYMENT.

A. Maintain and Control Traffic (02650): Payment of the contract lump sum amount for "maintain and control traffic" shall be full compensation for all items necessary to maintain and control traffic as specified for this project. All traffic control items shall remain the property of the contractor when the work is complete.

B. Portable Changeable Message Sign (02671), Relocate Crash Cushion (02898) and Temporary Crash Cushion (20738NS112): Payment at “each” shall be full compensation to furnish, install, maintain and remove these items as specified.

C. Relocate Temporary Barrier (02003), Concrete Barrier Wall Type 9T (03171) Payment at the contract unit price “Lineal Feet” is full compensation to furnish, install, maintain and remove these items as specified.

"General Decision Number: KY20230038 12/01/2023

Superseded General Decision Number: KY20220038

State: Kentucky

Construction Type: Highway

Counties: Anderson, Bath, Bourbon, Boyd, Boyle, Bracken, Breckinridge, Bullitt, Carroll, Carter, Clark, Elliott, Fayette, Fleming, Franklin, Gallatin, Grant, Grayson, Greenup, Hardin, Harrison, Henry, Jefferson, Jessamine, Larue, Lewis, Madison, Marion, Mason, Meade, Mercer, Montgomery, Nelson, Nicholas, Oldham, Owen, Robertson, Rowan, Scott, Shelby, Spencer, Trimble, Washington and Woodford Counties in Kentucky.

HIGHWAY CONSTRUCTION PROJECTS (excluding tunnels, building structures in rest area projects & railroad construction; bascule, suspension & spandrel arch bridges designed for commercial navigation, bridges involving marine construction; and other major bridges).

Note: Contracts subject to the Davis-Bacon Act are generally required to pay at least the applicable minimum wage rate required under Executive Order 14026 or Executive Order 13658. Please note that these Executive Orders apply to covered contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but do not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60).

<p>If the contract is entered into on or after January 30, 2022, or the contract is renewed or extended (e.g., an option is exercised) on or after January 30, 2022:</p>	<ul style="list-style-type: none"> . Executive Order 14026 generally applies to the contract. . The contractor must pay all covered workers at least \$16.20 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2023.
<p>If the contract was awarded on or between January 1, 2015 and January 29, 2022, and the contract is not renewed or extended on or after January 30, 2022:</p>	<ul style="list-style-type: none"> . Executive Order 13658 generally applies to the contract. . The contractor must pay all covered workers at least \$12.15 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on that contract in 2023.

The applicable Executive Order minimum wage rate will be adjusted annually. If this contract is covered by one of the Executive Orders and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must still submit a

conformance request.

Additional information on contractor requirements and worker protections under the Executive Orders is available at <http://www.dol.gov/whd/govcontracts>.

=====
Note: Executive Order (EO) 13706, Establishing Paid Sick Leave
for Federal Contractors applies to all contracts subject to the
Davis-Bacon Act for which the contract is awarded (and any
solicitation was issued) on or after January 1, 2017. If this
contract is covered by the EO, the contractor must provide
employees with 1 hour of paid sick leave for every 30 hours
they work, up to 56 hours of paid sick leave each year.
Employees must be permitted to use paid sick leave for their
own illness, injury or other health-related needs, including
preventive care; to assist a family member (or person who is

like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a

new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

=====

END OF GENERAL DECISION
