342	CL4 ASPHALT SURFACE 0.38A PG76-22	17,891	TON

- (1) Extra Quantity Added To be used if needed as directed by the Engineer
- (2) To be used as a wedge in the repair areas and for guardrail
- (3) Existing pavement marker removal shall be incidental to ASPHALT PAVE MILLING & TEXTURING
- (4) To be used to replace traffic signal loops in repair area 2 (see notes in proposal)
- (5) To be used to replace traffic count loops @ MP 57.1 (see notes in proposal)
- (6) To be used to replace guardrail and end treatments that have been hit. The specific locations will be approved by the Engineer. The complete set of guardrail at milepoint 54.7 WB on the outside shoulder should be replaced.

Note: Quantities from all summaries have been carried over and included in this General Summary.

9. The speed limit on this project will be reduced to 55 mph while lane closures are in place. Any time work is suspended the speed limit will revert back to 70 mph. Also, double fine signs are set up in the project to be installed while workers are present in the work zone.
10. Approximately 17,891 tons of asphalt millings from the project are to become the property of The Contractor at no additional cost.
11. The specified completion date for this project is June 30, 2014. Contrary to section 108, liquidated damages will be charged during the months of December 2014 through March 2015.
12. All perforated pipe headwalls will be cleaned. This work is incidental to "DITCHING" per the Standard Specifications.
13. Traffic will NOT be allowed to run on a milled surface on Interstate mainline driving lanes.
