

Andy Beshear  
GOVERNOR

## TRANSPORTATION CABINET

200 Mero Street  
Frankfort, Kentucky 40601

Jim Gray  
SECRETARY

November 9, 2022

CALL NO. 401  
CONTRACT ID NO. 224330  
ADDENDUM # 1

Subject: OLDHAM-SHELBY COUNTIES, 121GR22T025-FD04 & FD05  
Letting November 17, 2022

- (1) Revised - Traffic Control Sheet - Page 79 of 327
- (2) Revised - Material Summary - Pages 146-150 of 327
- (3) Revised - Proposal Bid Items - Pages 324-327 of 327

Proposal revisions are available at <http://transportation.ky.gov/Construction-Procurement/>.

If you have any questions, please contact us at 502-564-3500.

Sincerely,

Rachel Mills,

A handwritten signature in black ink that reads "Rachel Mills".

Rachel Mills, P.E.  
Director  
Division of Construction Procurement

Enclosures

Traffic Control Plan  
Page 4 of 9

**PAVEMENT MARKINGS**

If there is to be a deviation from the existing striping plan, the Engineer will furnish the Contractor a striping plan prior to placement of the final surface course. Install Temporary Striping according to Section 112 with the following exception:

If the Contractor's operations or phasing requires temporary markings that must subsequently be removed from the final surface course, use an approved removable lane tape; however, the Department will not measure removable lane tape for separate payment, but will measure and pay for removable lane tape as temporary striping.

**TEMPORARY SIGNAL 2 PHASE**

A Temporary Signal 2 Phase has been included in the project for possible use during the culvert pipe and box culvert extensions. This device may be useful for other areas. The Contractor and the Engineer should work together to determine the best use of this device. Each Temporary Signal 2 Phase consists of two portable temporary signals, one placed at each end of the work zone, that work together to manage traffic through the work zone. If used, the Department will measure the Temporary Signal 2 Phase only once for payment, regardless of how many times each pair of temporary signals are set, reset, removed, and/or relocated during the duration of the project. The Department will not measure for payment any replacements of the Temporary Signal 2 Phase if it becomes damaged or non-functioning, nor if the Engineer directs that it be replaced due to poor condition or visibility. The Contractor shall retain possession of the Temporary Signal 2 Phase upon completion of construction.
