

Formal Acceptance SiteManager Key Date Entry Guidance

****General Notes:** If a final inspection date is required then dates for the final inspection report received will be required and dates for final inspection punch list complete may be needed if corrective work is required. If there is not an inspection completed leave the field blank. If corrective work is not required leave the field blank. If corrective work is required, the **Section Office** must submit dates for Comprehensive Corrective Work Notification and Corrective Work Completed Date.

District performed final inspections are to be performed by PDP Branch Managers.

Legend: **X** = required for project type, **?** = required for project type on the per project basis depending on the work involved, **"blank"** = likely not required for the project type
