**What are your expectations for improving KY 2881/Caleast Rd? (Check all that apply)**

- Improve safety
- Economic development
- Improve connectivity between Duncannon Road and the airport
- Other: \_\_\_\_\_

**Four different alternatives for an improved connection between Duncannon Road and the Central Kentucky Regional Airport are proposed (see trifold for map).**

**In Segment 1, northern segment beginning at Duncannon Road, two alternatives are proposed. Which do you prefer?**

- Alternate 2A:** This alternate ties to Duncannon Lane (KY 52) at the proposed Caleast Road (KY 2881)/Duncannon Lane (KY 52) intersection to be constructed with the adjacent KY 52 KYTC project, southwest of the I-75 southbound on-ramp. The alignment then follows/improves the existing KY 2881 alignment south before continuing south cross-country. This alternate also includes a connector road which ties it to existing KY 2881 (Caleast Road).

**Alternate 3A:** This alternate consists of a new tie-in on Duncannon Lane (KY 52), east of the intersection with Peytontown Road.

**No Build**

**In Segment 2, ending at Airport Road, two alternatives are proposed. Which do you prefer?**

**Alternate 1B:** This alternate combines with either Alternate 2A or 3A and continues south across Silver Creek before turning southwest to connect the new KY 2881 to Airport Road.

**Alternate 2B:** This alternate combines with either Alternate 2A or 3A then turns southwest to cross Silver Creek before turning south to connect the new KY 2881 to Airport Road.

**No Build**

**Do you believe the construction of the project will potentially create a hardship for you and, if so, please describe what that might be?**
