PROCEDURES FOR UPDATING PREQUALIFICATION FOR ENGINEERING AND ENGINEERING-RELATED SERVICES WITH THE DEPARTMENT OF HIGHWAYS

KRS Chapter 45A requires that consulting firms desiring to be prequalified with the Transportation Cabinet provide annual updates of their qualifications. The anniversary date is the date of the letter from the Cabinet granting approval of the firm's prequalification request. This shall establish the firm's annual renewal date by which the firm is expected to have renewed its qualifications with the Cabinet.

Annual applications shall include one (1) original and one (1) copy of the application for each functional area requested, and one (1) original and one (1) copy of a current marketing brochure; unless otherwise communicated to the firm in writing. Copy for functional area may be submitted as an electronic document in Adobe PDF format on CD or DVD media (in lieu of hardcopy for each functional area).

In odd calendar years, in lieu of a full application, firms may submit a letter certifying that nothing has substantially changed from the previously submitted application along with annual certifications. This odd year update request should include information regarding any previously approved changes from the last even year full update. The request should include certification of liability insurance and an officer of the firm must attest that the firm is financially solvent and have a working arrangement with financial institutions such that all outstanding financial obligations will be met. If a substantial change has occurred or the firm is requesting prequalification additional area(s) a full application will be required.

A firm desiring to be considered for an award as a prime shall provide an original certificate of a continuous professional liability policy in an amount not less than \$1,000,000 with the application. A certificate of self-insurance shall not be accepted by the Transportation Cabinet.

It is the sole responsibility of the firm to initiate a renewal of its prequalification with the Cabinet. The Cabinet does not send notices of a need to renew. If the firm makes no effort within thirty (30) days of its annual renewal date, then the firm is automatically removed from the Cabinet's listing of pregualified

Advertisement for Services

The project manager will submit to the appropriate location engineer project information for advertisement of consulting services. This will include, but not be limited to, the following information:

- County
- Route
- District
- Item Number
- Project Description
- Project Manager
- User Division(s)
- Approximate Fee
- Location Map

Purpose and Need Project Length Method of Design • Available KYTC Studies Project Funding • Scope Special Instructions Project Schedule Milestones DNA Study

Advertisement (cont.)

The Highway Design location engineer will provide:

- Selection committee members
- DBE requirement
- Prequalification requirements
- Structure design
- Environmental services
- Photogrammetric services
- Geotechnical services
- Traffic
- Utility design
- Evaluation factors and numerical values

Advertisement (cont.)

The Division of Professional Services will complete:

 Secretary's and Governor's Pool representatives for the Selection Committee from a random draw

• Procurement schedule:

- Response due date
- Selection Committee meeting dates
- Fee Proposal due
- Negotiations
- Anticipated Notice to Proceed

Qualifications-Based Selection

 QBS is a nationally endorsed procedure for contracting with design professionals (Architects and Engineers) that will provide the best value to the owner in terms of quality and total project cost

 A competitive procurement approach that emphasizes quality attributes

QBS Users

- Local, state, and federal governmental agencies that procure A/E services
- Private industry
- Other public and private institutions
- Design professionals when hiring other design professionals
- Other users of services/products who place quality first ("The doctor example")

Engineering Services

Are services, not commodities

Engineers provide
Technical Expertise
Innovation
Latest Technology
High Degree of Professional Competence

Types of Design Contracts

Project-Specific Contracts

Statewide Contracts

Cost can be based on
Lump Sum
Cost Plus A Fixed Fee
Specific Rate of Compensation
Cost Per Unit of Work

Contract Negotiations Process

 Consultant Selected Project kickoff meeting Pre-Design Conference (Project-Specific) Contract Scoping Conference (Statewide) Production-Hour Estimates Consultant Fee Proposal Independent Department Estimate Contract Negotiations As-Negotiated Fee Package

Contract Execution

New Production Hour Worksheet

8/20/2014 10:00 AM

NOTICE: Updated Roadway Design Production-Hour worksheet The Division of Highway Design and Division of Professional Services have updated the Department's standard "Production-Hour Worksheet". For all projects that include roadway design, consultants and Department Project Managers should agree to units using this form. This new form can be found on the Professional Services website under the "Forms" link along the right, as well as on the Highway Design website under the "Miscellaneous Forms" link along the right.

Updated Production-Hour worksheet

Contract Modification Process

The project team may deem it necessary for the consultant to do additional work on a project

A contract modification may necessary because

 The project limits have been substantially revised from those initially indicated in the pre-design minutes

A change of scope has occurred

 The consultant is requested to revise the plans because of a direction change by the Department

Contract Modification Negotiations

 Contract Modification Initiated Department Project Manager Formal request from Consultant Scoping Meeting (or Informal Discussion) Production-Hour Estimates Consultant Fee Proposal Department Independent Estimate • 500 hour rule (approximately \$75k) Contract Negotiations As-Negotiated Fee Package

Contract Modification Execution

- Write Contract Modification (Microsoft Excel document)
 Procure Signatures
 - Consultant
 - Project Manger / Location Engineer
 - Deputy State Highway Engineer
 - State Highway Engineer
 - Secretary (only if monetary increase)
- eMARS encumbrance of funds
- Notice to Proceed

Final Payment

 Upon contract completion, a hardcopy Final Payment request is submitted to Professional Services

Encumbrance is liquidated

Office of Audits notified
