

5-25-11

2011-11 Webster / EB 9004 / 2-8637

QUESTION: Due to the complexity of the parkway, interchange and approach road in conjunction with the magnitude of being able to properly explain the project approach to the committee, we are requesting that 2 or 3 additional pages be allowed in the proposal response. Will you please consider and allow this request?

RESPONSE: The Department agrees. The format for Page 7 will be allowed a total of 6 pages (A-F), which includes the additional page for DBE Participation Plan.

5-19-11

2011-11 Bracken / KY 1159 / 6-8311.00

CORRECTION: Geotechnical Services - The Selected Consultant may provide all Geotechnical Services required for the project. Geotechnical services may be negotiated and included in the original contract agreement or may be added by contract modification at the appropriate time. At any time, if the Department has the capacity to provide these services, the Department may retain the advertised geotechnical services.

To respond to this project, the consultant project team must be prequalified in Geotechnical engineering, lab testing and drilling.

5-16-11

Bracken / KY 1159 / 6-8311.00

QUESTION: Is it the intent of KYTC to include only the environmental pre-qualifications for Prehistoric, Historic, Cultural Historic Analysis, Hazmat Preliminary Site Assessment (Phase I), and UST Preliminary Site Assessment for the Bracken County project Item No. 6-8311.00?

RESPONSE: Yes, these are the correct prequalification requirements for the anticipated environmental services to be provided by the selected consultant. Any services not covered by these prequalification requirements will be provided by the

Department.
