#### RESOLUTION APPROVING AMENDMENT #12 TO THE KYOVA 2021-2024 TRANSPORTATION IMPROVEMENT PROGRAM (TIP)

- WHEREAS, KYOVA Interstate Planning Commission has been designated as the Metropolitan Planning Organization (MPO) by the Governors of West Virginia, Kentucky and Ohio for the Huntington, WV-KY-OH Urbanized Area acting through the West Virginia Department of Transportation/Division of Highways (WVDOH), the Kentucky Transportation Cabinet (KYTC), the Ohio Department of Transportation (ODOT) and locally elected officials in the KYOVA region; and
- WHEREAS, KYOVA has adopted a 2021-2024 Transportation Improvement Program (TIP); and
- WHEREAS, the Kentucky Transportation Cabinet requested an amendment to the current 2021-2024 TIP to update and/or add the attached roadway projects; and
- WHEREAS, the project information was available for a 15-day (November 17, 2022 through December 2, 2022) public review as outlined in the KYOVA Participation Plan and received no comments; and
- WHEREAS, no conformity report is required for Huntington, WV-KY-OH Urbanized Area due to the court vacating the revocation of the 1997 8-hour ozone standard. This area is in attainment for the 2008 and 2015 8-hour ozone standard; and
- WHEREAS, the insignificance finding of the 1997 PM2.5 annual NAAQs means no regional modeling is required as the Huntington-Ashland area is in attainment for the 24-hour 2006 PM2.5 standard; and
- **WHEREAS,** the Interagency Consultation (IAC) has determined the proposed project amendments to the 2021-2024 TIP are not subject to conformity and therefore exempt;
- **NOW, THEREFORE, BE IT RESOLVED** that the Policy Committee of the KYOVA Interstate Planning Commission, at a regularly scheduled meeting on December 9, 2022, adopts the attached project list as Amendment #12 to the KYOVA 2021-2024 TIP.

This is to inform you of the approval of Amendment #12 to the FY 2021 - 2024 Transportation Improvement Program (TIP) at the KYOVA Interstate Planning Commission Policy Board virtual meeting held on December 9, 2022. The Amendment solely related to Kentucky projects that were required to be reconciled to the Kentucky Highway Plan, in addition to a safety new project. Public review began November 17, 2022 and concluded at the close of business on December 2, 2022, which satisfied the required 15-day public review period. The projects met the air quality/conformity requirement through the Interagency Consultation (IAC) concurrence as the IAC concurred that these projects did not require a conformity determination.
